

DR. J. W. McCrory, long-time Hamlin dentist, gets a bang out of this one: Gently he pushed her quivering shoulders back against the chair. She raised beseeching eyes in which faint hope and fear were struggling. From her parted lips her breath came in short, wrenching gasps. Reassuringly he smiled and leaned forward. Then with his dental drill he filled three cavities.

A SMILE is a wonderful thing and it has a lot of power. Walt Mason is responsible for this poem about the power of a smile:

It's hard to keep smiling  
When troubles are piling  
Their weight on your neck till it's  
sprained;  
It's hard to keep grinning  
When others are winning  
The prizes for which you have  
strained.

It's hard to be cheery  
On days wet and dreary  
When everything near you looks  
drowned;

It's hard to be sunny  
When all of your money  
Is sunk in a hole in the ground.

It's hard to keep laughing  
When weary quaffing  
The flagon of grief to the dregs;  
It's harder to frolic  
When you have the colic  
Or gout in the end of your legs.

But how will it aid you  
When woe has waylaid you  
To rumble and grumble and  
swear?  
There's nothing that's healing  
In kicking the ceiling  
Or biting the rungs from the chair.

It's hard to look pleasant  
When anguish is present  
And yet it is strictly worth while;  
Not all of your scowling  
And fussing and growling  
Can show off your grit like a smile.

ANOTHER in the series of simple rhymes carrying a lesson is the one below, submitted by the traffic safety division of the Texas Department of Public Safety:

Speeders start there—  
Careful drivers get there!

EXTRA READING was provided by a juicy piece of literature, according to a report from a library: "I trust you found that novel interesting," the librarian remarked.

"The book wasn't so much," the co-ed replied, "but that letter someone left in it for a book-mark was a lulu."

WALT MARTIN is credited with having penned the verse below about two kinds of love:

Though true love runneth never  
smooth,  
And though true lovers suffer,  
note the course of untrue love  
Runneth a darn sight rougher!

WE RAN ONTO a catchy little verse the other day credited to Gordon Martin about the home-town newspaper that appealed to us. It runs like:

My old home town paper, I  
welcome each day . . . and many  
an item has something to say . . .  
of places and people I once knew  
so well . . . and each has a won-  
derful story to tell.

But I must confess, as the years  
flutter by . . . that many an item  
attracting my eye . . . will men-  
tion some folks that I do not re-  
call . . . though once I could say  
I remember them all . . . And  
also I notice a gradual change  
in places of business, which  
sound very strange . . . and didn't  
exist in the blocks that I knew  
in days when I ran with a  
milk-deli crew . . . and knew  
every sidewalk and building and  
tree . . . with memories ever de-  
lightful for me.

But still, with the changes so  
numerous now . . . I have a dis-  
comforting feeling somehow . . .  
that progress has altered the  
buildings and streets . . . and gone  
and forgotten are boyhood re-  
miniscences . . . but though I may  
notice a change in the news . . .  
I pick up the paper and always  
continue . . . for this was my town  
and it ever will be . . . and time  
cannot change its attraction for  
me!

# Beautiful New Pool to Be Opened Thursday

ANOTHER in the series of Mystery Farm Pictures being run by The Herald is shown above. First person, other than the owner and his family, to correctly identify the view will be given a one-year subscription to Your Home Town Paper. In order to give readers of the paper living on the rural routes an equal chance at the identifying, no answers will be accepted before 1:00 p. m. Friday, either in person or telephoning to the paper office. The original aerial picture will be presented to the owner by The Herald.

## Formal Opening And Celebration to Be Staged Later

No special swimming program is being planned for Splash Day Thursday at the opening of the new Hamlin swimming pool, announces Jess Parrish, manager of the pool under lease agreement from the Hamlin Foundation. Because of possible congestion of the pool with the hundreds expected to be trying out the water, Parrish says contests and other features will be postponed until a later date.

However, a formal opening and celebration is being planned for the near future. Neighboring towns and cities will be asked to name candidates for the bathing beauty title at the new Hamlin swim center. A coronation ceremony will be staged at the pool.

In connection with the bathing beauty queen naming, various swimming and diving contests will be planned for swimmers of all ages, Parrish indicates. Other special events are planned for a full summer program at the pool.

Parrish also announced that swimming instruction classes will be organized a little later when non-swimmers will have opportunity to learn how to swim. The classes will be arranged for the convenience of patrons of the pool as the demand justifies, the manager states.

TALK OF PAKISTAN—Pakistan's ambassador to the United States, Syed Amjad Ali (left) has a broad smile as he chats with Aline McKenzie (center) and Senator Price Daniel of Texas at the Capitol in Washington. Miss McKenzie of Kingsville is en-route to Pakistan where she will set up a home economics program at the University of Dacca.

## Special Tickets Required for All Attending Event

Thursday is Splash Day at the spanking new swimming pool at Hamlin City Park.

This announcement was made by officials of the Hamlin Foundation, promoter and builder of the \$20,000 community project that has been the center of conversation among certain circles of the community for 20 years. The recreation facility was realized after weeks of planning, scheming, maneuvering, soliciting and ticket selling that made the plans, incorporated a steering group, and raised the money for the worthwhile undertaking.

Splash Day for the new pool will permit swimming for the first time beginning at 1:00 o'clock and will continue until 8:00 Thursday night.

Special Splash Day tickets will be required for the opening day, price of which is \$1 for every body, according to Jess Parrish, who is manager of the pool under terms of a three-year lease from the foundation. John Taylor will assist Parrish in operation of the swimming pool and concession stands.

As an added feature of Splash Day, admission tickets will entitle holders to a chance at a 21-inch television set, which will be given away at 8:00 o'clock Thursday night at the pool. Pool officials point out that the holder of the lucky ticket does not have to be present to win the TV.

# Hamlin Fire Losses for Year Soar as Two Major Blazes Hit

## Last Year's Losses Already Doubled For Six Months

Hamlin's fire loss record for the year 1955 so far has been a bad one, a review of the sustained losses by Fire Marshal T. W. (Mickey) McGuire reveals. The losses for the first six months of the year already exceed the annual five-year average of \$15,000-plus, which included the disastrous oil mill fire of 1952.

Fire losses for the January-through-June period this year total nearly \$24,000. Two big fires responsible for most of this loss were the Paul Bryan Lumber Company fire and the Hassen Dry Goods Company fire.

Five major fire alarms have been answered by the Hamlin Volunteer Fire Department in 1954. In 1953 Hamlin had 29 fires with an insured loss of \$3,201, and paid \$59,939 in insurance premiums, McGuire reports. In 1954 there were 28 fires with an insured loss of \$9,637.10, with insurance premiums of approximately \$60,000, both of which figures reflected gains over 1953.

Insurance rates are figured over five-year periods of insurance, the fire marshal points out. Key rates for the past few years were as follows: 1951, 41 cents; 1952, 41 cents; 1953, 44 cents; 1954, 37 cents. Due to credits and reductions and good fire records in the past, Hamlin's key rate was reduced to 37 cents starting January 1, 1955.

Several thousand dollars in insurance premiums have been effected by the current good fire record credit, McGuire declares.

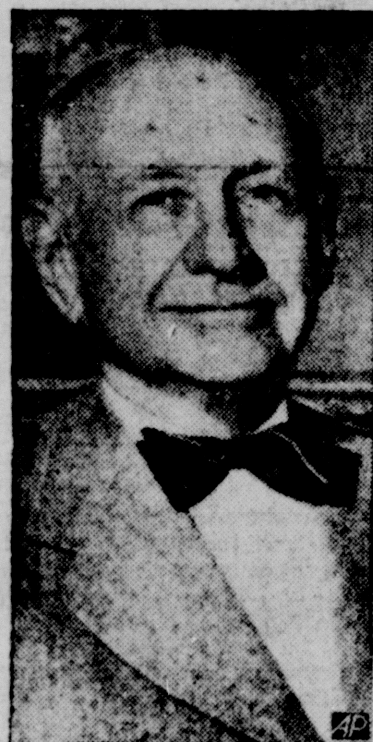

## Nezarene Youths to Go to Glen Rose Camp

Three young people of the Hamlin Church of the Nazarene will leave Monday morning early for Glen Rose to attend the annual encampment of the church, which will last through July 8.

They are Patty Bigham, Terry Scott and Jerry Warnell. Accompanying the youths will be Rev. Donald Wellman, pastor.

## Dovie Singing Slated This (Friday) Evening

Out-of-the-community singers have been invited for special numbers at the regular Friday night singing Friday evening, July 1, at the Dovie church, five miles east of Hamlin, community leaders announce. Singing will get underway at 8:00 o'clock, and everyone is invited to attend.

PUBLISHER DIES—Amos G. Carter (above), long-time publisher of The Fort Worth Star-Telegram, chairman of Carter Publications, Inc., died Thursday at his home at Fort Worth. He has been seriously ill for some time.

## Thursday Was Push-Off Day for Scouters to North

Thursday was push-off day for one of the happiest bunches of young men and adult leaders who could find. Abilene was the embarkation point, and the Canadian wonderland was the inevitable destination.

There were about 30 in the group of senior Boy Scouts and their adult sponsors. Four Hamlin young men and an adult leader were among the band that boarded an air conditioned bus for the 4,000-mile round trip. They were L. R. (Red) Fowler Jr., Dee Prewitt, Don Adair and Joe B. Stephens Jr., who are members of Hamlin Explorer Post No. 43, sponsored by the Hamlin Rotary Club; and Roy Dunlap, city coordinator, who will accompany the quartet.

Leaving Abilene on an air-conditioned bus, the boys will travel to Minnesota, where they take off in canoes through a still virgin wilderness. They will spend eight days on that part of the trip, and will return to Abilene about three weeks after their departure from there.

Most of the northern lakes and streams they will traverse are accessible only by canoe, and the area is considered a sportsman's paradise, for relatively few persons fish the lakes.

## New Officers for Rotary Club Take Office Wednesday

Officers for the new fiscal year were installed at the Wednesday noon luncheon of Hamlin Rotary Club at the oil mill guest house. Weldon Johnson, retiring president officiated at the ceremonies.

Taking office were: J. E. Patterson, president; Jake Lawson, secretary-treasurer; Gene Prewitt and Roy Dunlap, new directors. Hold-over directors are Houston Walker and Ned Moore.

Special guests of the club at the luncheon were Don Adair, Joe Stephens Jr., Red Fowler and Dee Prewitt, members of Explorer Post No. 43, who will leave Thursday for the Far North country of Minnesota and Canada. They will be accompanied by Roy Dunlap, city coordinator, as leader. The post is sponsored by Hamlin Rotary Club.

R. L. McClung, manager of the Midwest Cooperative Oil Mill, was inducted as a new member of the club.

Besides the boys, other guests present for the luncheon were Rev. W. C. Rea and Ted Armstrong of Hamlin; Bill Hamilton of Lubbock; Tom Boyd, Billy L. McCaulley, W. M. Blackburn, Edgar Ellis and H. D. Tebay of Stamford; Garland Franks, R. W. Massey and J. D. Holbrook of Sweetwater.

## Little Change in City Tax Valuations for 1955 Contemplated

Little change in tax valuations for property owners of the city have Hamlin is contemplated for 1955, city officials indicated this week as notices for hearings before a tax equalization board were being mailed by City Secretary Mrs. H. M. Barrow.

Of the 75 postal card notices being mailed to owners where property valuations were raised, practically all of these were for owners who made additions or had new property rendered, Mrs. Barrow said.

The equalization board, composed of L. H. McBride, Weldon Johnson and Jim Howard King, will sit as an equalization board on Tuesday and Wednesday evenings, July 5 and 6, at the city hall.

Major adjustments in property valuations were made last year in city property valuations, when a blanket 25 per cent increase was put into effect.

## VISIT WITH MOTHER.

Mrs. Clarence Martin and little daughter, Clarene, of Idalou and Mrs. Tommy Daniels and daughter of Lubbock visited Mrs. I. J. Dixon several days. Mrs. Martin and Mrs. Daniels are Mrs. Dixon's daughters.

# Quotas for Wheat Voted by Growers

Texas wheat farmers Saturday voted overwhelmingly in favor of acreage controls on next year's wheat, according to tabulations by the state offices at College Station. The vote was 10,953 for controls compared with 1,1671 against.

## Hamlin People by Scores to Attend Stamford Reunion

Hundreds of cowboys, colorfully garbed sheriff's posses and riding clubs as well as chuck wagons, buggies and a stage coach will be seen in the western parade through the Stamford business section at 5:00 p. m. Friday marking the opening of the twenty-fifth annual Texas Cowboy Reunion.

The famous Cowboy Band of Hardin-Simmons University and 60 lovely cowgirl sponsors will be in the parade. Thousands of visitors are expected to view the cavalcade, including scores from the Hamlin area.

Many of the 500 old-time cowboys who plan to attend are already in town.

There will be a rodeo performance Friday night, also Saturday and Monday nights, with a matinee on the Fourth of July. The number of contestants is the largest of any rodeo in the world and all are actual cowboys. Chuck wagons from famous ranches will provide regular range fare to the public each day, and there will be dances old fashioned and modern, as well as an old-time fiddlers' contest. The rodeo will present wild cow milking, cowgirl sponsors' clover leaf barrel race, bronc riding, Brahma bull riding and calf roping, with special roping contests for the old-time cowboys and for GIs and ex-GIs.

A great tourist attraction, the Texas Cowboy Reunion has been viewed by visitors from every state and among those who have attended were Will Rogers, Gene Autry, Paul Whiteman and Wild Bill Elliott.

## Tommy Carpenter to Be Stationed in States

Tommy Carpenter, son of Mr. and Mrs. Fred Carpenter of Hamlin, was a happy person Tuesday, as were the parents—because he was not sent overseas.

Tommy, who had spent several months in Venezuela working for an oil company as an engineer, was in New Orleans, Louisiana, awaiting a plane for the South American country, when a wire came advising him to remain in the States. Tommy was due to return home Wednesday and then await reassignment by the company in this country.

Nationally, the vote ran slightly below the required margins.

This year's vote compared with 10,856 ballots for and 1,299 against last year.

The vote nationally required the approval of two-thirds of the wheat farmers to become effective on the 1956 crop.

In Jones County the vote was 85 for and 23 against. Voters at Hamlin were more favorable to the controls, voting 19 for and none against.

The program would limit production and sales to wheat grown on 55,000,000 acres allotted individual farms in the United States. This is the same acreage as this year, but 30,000,000 less than post-war peaks.

Approval of the acreage controls means that the government will support the price of 1956 crop with probable 75 to 90 per cent parity. If the controls had not been approved, the support price would have been only 50 per cent of parity.

# Fleahoppers Making Inroads on Cotton In County as Agent Gives Control Ideas

Cotton fleahoppers have made their appearance in Jones County cotton fields, according to Bill Lehnberg, county agent. There is a wide variation in the size of cotton throughout the county, with some just coming up and other fields that have cotton eight to 12 inches high, hence control methods may have to be altered some, the agent points out.

For young cotton (four to eight-inch stage) early season control is recommended to assure setting of all fruit. To control fleahoppers in this stage one of the following dust or sprays can be used:

Dusts—3-5-40 mixture; 10 per cent toxaphene, 40 per cent sulphur mix; five per cent DDT, 75 per cent sulphur mixture. These should be applied at the rate of 10 pounds per acre.

Sprays—DDT (two pounds per gallon), one quart per acre; heptachlor (two pounds per gallon), one-half pint per acre; endrin (1.6 pounds per gallon), one-half pint per acre; dieldrin (1.5 pounds per gallon), one-half pint per acre; aldrin (two pounds per gallon), one-half pint per acre; toxaphene (six pounds per gallon), one pint per acre.

For early season control, no field insect counts are made. Since the cotton is small, only a small amount of poison is needed, and this generally does not kill the more hardy beneficial insects.

For older cotton (eight leaves or more) late season control is recommended. This should be done only after an insect count has been made and 25 or more

fleahoppers per 100 terminals (top growth) are found. In a field, 100 plant terminals should be examined at several representative

See FLEAHOPPERS—Page 3

Mr. and Mrs. Jack D. Dean of Fort Worth are announcing the arrival on June 9 of an eight-pound nine-ounce son, who has been named James David. Grandparents are Mr. and Mrs. W. H. Dean of Hamlin and Mr. and Mrs. O. M. White of Hobbs, New Mexico.

Three new citizens have been recorded at Hamlin Memorial Hospital since last report in The Herald. All girls, they are:

A girl for Mr. and Mrs. Brad Rowland Jr. of Hamlin, who was born June 19 at 8:40 a. m. Tipping the scales at light six pounds six ounces, the little miss has been given the name Velaine.

A girl for Mr. and Mrs. Calvin Walton of Aspermont, who arrived June 21 at 8:11 a. m. After having her weight checked at nine pounds, she was recorded the name Gayla Rose.

A girl for Mr. and Mrs. P. T. Stewart of Hamlin discovered America June 26 at 3:10 p. m. She weighed eight pounds three ounces at birth.

# HAMLIN HERALD

Established in November, 1905

Published Every Friday Morning at the Herald Building, Hamlin, Jones County, Texas

June Jones, Publisher Willard Jones, Editor  
 Overa Jones, Bookkeeper  
 Mrs. Etta Bond, Office Supplies  
 Harold Buchanan, Floorman  
 Roy Harrison, Pressman  
 Virgil Wilson, Utility

**SUBSCRIPTION RATES:**  
 In Jones, Fisher, Nolan, Taylor, Haskell, Stonewall and  
 Shackelford Counties: \$2.50  
 One Year, in advance \$1.50  
 Six Months, in advance \$1.00  
 Elsewhere: \$3.00  
 One Year, in advance \$2.00  
 Six Months, in advance \$1.75

Entered at the Post Office at Hamlin, Texas, for  
 transmission through the mails as Second Class Matter  
 according to an Act of Congress, March 3, 1879.  
 Any erroneous reflection upon the character of any  
 person or firm appearing in these columns will be cor-  
 rected, gladly and promptly, upon its being brought to  
 the attention of the management.

## CRITICISM CAN BE USED AS A STEPPING STONE

In the Hamlin community can take the un-  
 savory taste of criticism from our friends?  
 Being able to take criticism with apprecia-  
 tion give it as well in kindness is a virtue  
 that is beyond price.

How many of us are members of the  
 ancient but hardly honorable profession of  
 Fault Finders? Most of us, we are sure, be-  
 cause this is the easiest of all professions to  
 enter. It requires no aptitude, no training,  
 and imposes no responsibilities. But we must  
 also remember that its long history is devoid  
 of constructive accomplishments.

There is a kind of criticism that is actually  
 helpful; there is a place for helpful criticism.  
 Complacency is one of the most serious dis-

How many of us common folks right here  
 ease to which any organization or person is  
 subject. Progress is impossible in an atmos-  
 phere of comfortable self-satisfaction.

One of the most effective antidotes for this  
 poisonous condition is healthy, forthright criti-  
 cism. It is no kindness to withhold helpful

criticism. Suppose you were training for an  
 athletic contest in which you would need the  
 best of health to win? And suppose you went  
 to your doctor and asked him to give you a  
 check-up to see if you were fit. Let us say  
 that the doctor found a serious defect, but  
 he was a kind-hearted man and didn't want  
 to worry you, and said nothing about it.  
 Would you consider that doctor your friend?

No doctor worthy of the name would do  
 this. But there are lots of people who call  
 themselves our friends who hold back honest  
 and helpful criticism even when asked for it,  
 fearing to hurt our feelings. This is no real  
 kindness, for they make it harder for us to  
 get nearer to that perfection which we are  
 all seeking.

It is natural for a man to seek perfection,  
 however much he falls short of it, and every-  
 body who helps him by pointing out why he  
 has failed and how he may bring about im-  
 provement is his friend. Only through the  
 proper use of criticism can this improvement  
 be obtained.

## Are We Spoiled Brats?

The thing that is essential today in this  
 country when we get right down to it is an  
 effort on our part to keep a sense of values.  
 We do not want to be like the pampered in-  
 fant who has so much he doesn't appreciate  
 any of it.

In recent years the private enterprise sys-  
 tem has showered the American people with  
 every convenience. And yet, during this  
 period of tremendous progress and prosperity  
 "gifts" from government have been demand-  
 ed with a resulting drift toward socialism and  
 away from freedom.

In this age of wonders are we overly pam-  
 pered? How far do we have to go before  
 we become a nation of spoiled brats, crying  
 for more and more from Santa Claus?

## What Is Conversation?

The dictionary defines conversation as "the  
 oral interchange of ideas or statements be-  
 tween two or more persons." In other words, in  
 any discussion engage the other person, solici-  
 ting his opinion and views. Don't talk to him  
 or at him, but with him. Conversation is a  
 two-way proposition and half of its success  
 depends upon your being a good listener.

Avoid pet phrases which some repeat like  
 a parrot to everyone they meet. Have some-  
 thing new and original to discuss that you  
 have been thinking about.

Hogging the entire conversation will only  
 give the other person the impression that you  
 are "showing off." On the other hand, don't  
 cringe from talking with others. Modest assur-  
 ance and cheerful sincerity always lay the  
 groundwork for true friendships.

And finally, always keep a cheerful attitude  
 regardless of the other person's frame of  
 mind. If your acquaintance is grouchy, try  
 to help laugh him into a more pleasant mood.

One of the finest compliments that you'll  
 ever receive will be the happiness people get  
 from talking with you.

## Threads of Personality

When a skein of yarn gets tangled into  
 a knot, it is of no use. With care, we must  
 untangle the threads so that they will flow  
 smoothly, in order that they may be made  
 into useful articles.

The threads of human personality are like  
 that yarn. When they become entangled  
 through tension, fear, frustration and re-  
 bellion, they are not free to give in useful-  
 ness. The knots in our personality are  
 caused by thinking in terms of wanting things  
 for ourselves. Complete unselfishness is the  
 answer to disentangling the thread of per-  
 sonality.

There sense in that.

## Lot of Things Are Freedom

Freedom is a man at the lathe or at the  
 desk, doing the job he likes to do and speak-  
 ing up for himself. It is a man in the pulpit,  
 or on the corner, speaking his mind. It is a  
 man putting in his garden in the evening,  
 and swapping talk with his neighbors over the  
 fence. It is the unafraid face of men, women  
 and children at the beach on Sunday, or  
 looking out of the car windows speeding along  
 a four-lane highway.

It is the man saying, "Howdy, stranger,"  
 without looking cautiously over his shoulder.  
 It is the people of the country making up their  
 own minds.

Freedom is the air you breathe and the  
 sweat you sweat. It is you and 160,000,000  
 people like you, with your chins up, daring  
 anybody to take it away from you.

## Caution for the Week-End

Practically all of us look forward to Friday  
 because to most of us it means that another  
 week-end has arrived. The week-end is a  
 time for pleasure and relaxation. There's  
 that tennis game we had planned, a picnic  
 with the family, and perhaps a golf game  
 with our next door neighbor. It's the time  
 for going to church, fixing things around the  
 house, cleaning out the attic, and watching  
 television.

The week-ends are all of those things—  
 except on the highways. In 1954, 13890 per-  
 sons were killed and 678,000 were injured in  
 week-end accidents, according to figures com-  
 piled and released by the Travelers Insurance  
 Companies. Thirty-nine per cent of the deaths  
 and 35 per cent of the injuries were  
 recorded on Saturdays and Sundays in 1954.

The most dangerous day of the week for  
 driving is Saturday. One good reason is that  
 more cars are traveling the highways on Sat-  
 urdays than on any day. There is another  
 important feature which sets this day apart  
 from the others. For too many people Sat-  
 urday night is a time when drinking and  
 driving are combined.

No one knows how many traffic accidents  
 are caused by drinking drivers, but everyone  
 knows it is a major problem.

For example, walk into your traffic courts  
 any day and you will find them crowded with  
 persons who were involved in serious accidents  
 as a result of drinking. Everyone needs to  
 know that even one drink before driving is  
 too many. A familiar sign along Texas high-  
 ways is: "If You Drive, Don't Drink—If You  
 Drink, Don't Drive." This sounds like very  
 simple advice, but it makes a great deal of  
 sense.

Week-ends should indeed be happy ones  
 for everyone. Let's try and make it that  
 way. Will you?

## RECALLING Other Years

★ Being news items taken  
 from old files of Your  
 Home Town Newspaper,  
 The Herald

### TWENTY YEARS AGO.

Goings-on in the Hamlin com-  
 munity 20 years ago included the  
 following, reproduced from the  
 issue of The Hamlin Herald dated  
 June 28, 1935:

Mrs. G. R. Bennett, Edwin  
 Gilbert, J. C. Turner Jr. and Mar-  
 vin York Jr. returned Monday  
 from a trip to Flint, Michigan.  
 While away Mrs. Bennett pur-  
 chased a new Chevrolet car.

George Bristow advertised plen-  
 ty of peaches in his orchard at  
 Boyd's Chapel at 75 cents per  
 bushel.

Mrs. H. O. Cassle entertained  
 the Twentieth Century Club and  
 other guests Thursday afternoon  
 at her home on Union Avenue.  
 Attending were Meses. J. F. Tay-  
 lor, C. G. Green, F. B. Moore, Q.  
 Martin, J. T. Bynum, C. C. Prater,  
 Arche Pardue, B. L. Jones, Mac  
 Brundage, D. D. Harden and  
 Holley Toler, and Adele Barbisch  
 of Austin.

John Green was carried to the  
 Stamford Sanitarium last week  
 for an appendicitis operation.

Strauss Dry Goods Company  
 advertised the following prices:  
 All-silk hose, 59 cents pair; new  
 dress prints, nine cents per yard;  
 ladies' sandals, 25 cents per pair.

Jean Harlow and William Pow-  
 ell are featured at the Ferguson  
 Theater in "Reckless."

Mrs. O. D. Roland and little  
 daughter, Mary Lee, returned last  
 Friday to their home at Port  
 Arthur after a five-week visit with  
 her parents, Mr. and Mrs. W. A.  
 Albritton.

### TEN YEARS AGO.

News items of interest in the  
 Hamlin community 10 years ago  
 included the following, which are  
 reproduced from the issue of The  
 Hamlin Herald dated June 29,  
 1945:

Clyde R. Angel of Big Spring  
 has recently been elected cashier  
 of the Farmers & Merchants Na-  
 tional Bank at Hamlin.

Members of the Hamlin School  
 Board announce the election of  
 L. R. Huchingson of Roscoe as  
 superintendent of the local school  
 system. He will succeed G. R.  
 Bennett.

Lieutenant Robert L. Fowler  
 of the Army Air Force, who has  
 been a prisoner of Germany, this  
 week returned home.

Rev. E. L. Yeats has announced  
 that W. S. Thompson will lead  
 the singing in a revival meeting  
 at the First Methodist Church,  
 despite his having broken his  
 right arm last week in an acci-  
 dent. "Shucks, I don't sing with  
 my arm anyway," Thompson is  
 reported to have declared.

Mr. and Mrs. D. L. Bristow and  
 Mr. and Mrs. Andrew Dixon at-  
 tended memorial services for  
 Corporal Earl Ray Sunday after-  
 noon at Hodges Baptist Church.

### FIVE YEARS AGO.

Happenings in the Hamlin com-  
 munity five years ago deemed  
 newsworthy included the follow-  
 ing, reprinted from the issue of  
 The Hamlin Herald dated June 30,  
 1950:

Additional parking space will  
 be provided in the purchase this  
 week of four acres of land to the  
 west of the new Hamlin High  
 School football stadium, accord-  
 ing to school officials. Work on  
 the new steel and concrete stands  
 was begun this week. The stands  
 will seat 2,000 people.

Mr. and Mrs. Gean Witt gave  
 interesting reviews of their recent  
 trip to the international conven-  
 tion of Rotary Clubs when the  
 Hamlin club met Wednesday at  
 noon at Johnson's Drive Inn. The  
 convention was held at Detroit,  
 Michigan.

The McCauley to Longworth  
 stretch of the farm-to-market  
 road is being surfaced this week  
 by workers of the Texas Highway  
 Department.

New traffic control lights on the  
 Santa Fe Railway crossing of  
 South Central Avenue went into  
 operation this week.

### ONE YEAR AGO.

Items of general interest in the  
 Hamlin community a year ago  
 included the following, which are  
 reprinted from the issue of The  
 Hamlin Herald dated July 2,  
 1954:

Gordon Bennett, executive vice  
 president of McMurry College at  
 Abilene, former Hamlin school  
 superintendent, will be the prin-  
 cipal speaker at the homecoming  
 Sunday of former residents of the  
 Nienda community. Hundreds of  
 former residents are expected to  
 attend the all-day celebration.

President W. T. Johnson and  
 George Poe of the Hamlin Lions  
 Club and their wives left this  
 week for New York City, where  
 they will attend the international  
 convention of Lions Clubs.

### RETURN TO COLORADO.

Mrs. I. L. Howard and daugh-  
 ter, Mary Ann, of Denver, Colo-  
 rado, returned home Sunday after  
 a two-week visit with her par-  
 ents, Mr. and Mrs. Charlie Sellers,  
 and other relatives and friends.

### SELLERS HAVE VISITORS.

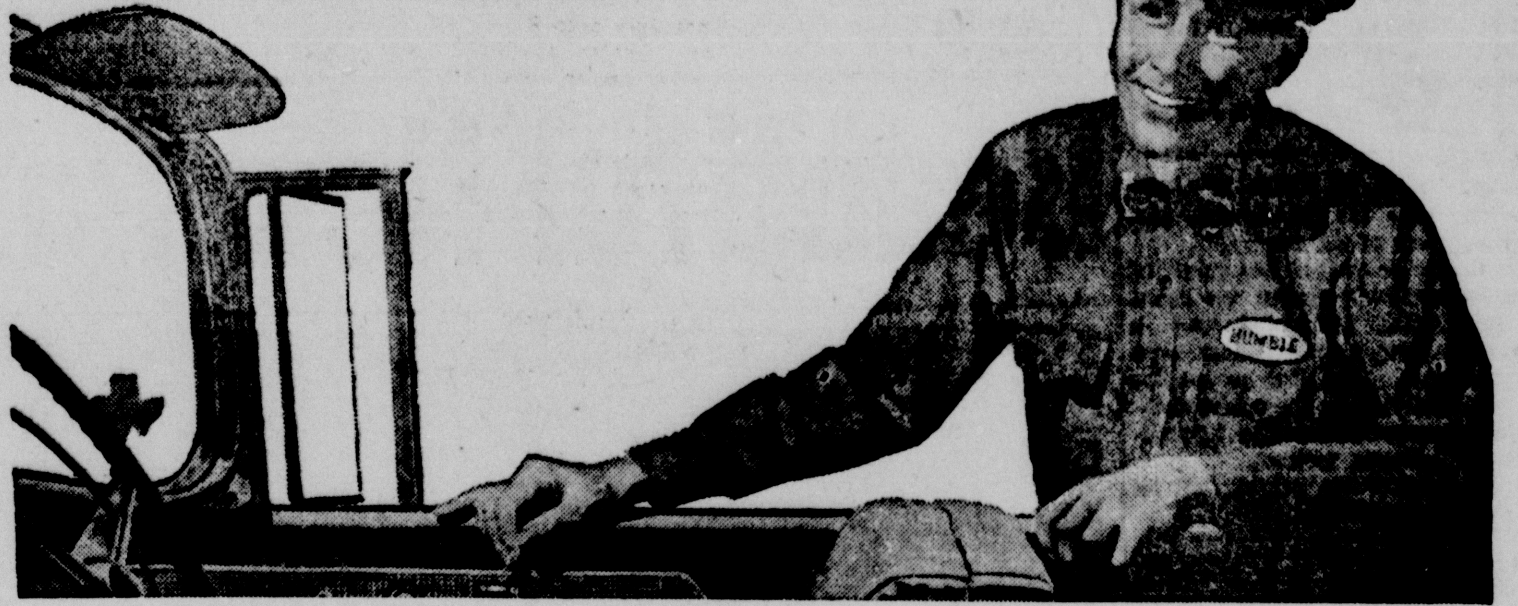

Visiting in the home of Mr. and  
 Mrs. Charlie Sellers the past  
 week were Mr. and Mrs. Harold  
 Walker and children of Dallas,  
 Mrs. Pearl Trapp and Mrs. J. H.  
 Hill of Cisco.

### VISIT SHELBERNES.

Mr. and Mrs. Lindy Adkins and  
 daughter, Dianne, were guests for  
 several days of the Delma Shel-  
 burne family. They are from  
 Hobbs, New Mexico. Adkins is a  
 brother of Mrs. Shelburne.

**PLEASE DRIVE SAFELY!**

Safety Associations recommend  
 that you follow these simple rules for  
 a safe vacation trip:

- Observe all posted speed limits; don't hurry, ever.
- Regulate the speed of your car to highway and traffic conditions.
- Don't drive too long—stop when you're tired.
- Observe all highway caution warnings—slow down for curves, when descending steep hills, etc.
- Don't drink when driving.
- Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.

## Market Reporter Marvels at Beauty of Texas, Then Gives Rundown on Prices

Texas is a mighty pretty country, declares Ted Gouldy, special market reporter for The Herald, after a recent tour. His weekly release to Your Home Town Paper follows:

We made a short jaunt into Northeast Texas the other day covering parts of Denton, Collin, Hunt, Wood, Van Zandt and Dallas Counties. The corn, cotton and grain sorghums looked simply wonderful.

We have some friend in the Corn Belt who are always sending us pictures of their tall corn, etc., so we just snapped some pictures to send right back to 'em!

If you haven't been over in that part of Texas lately, load up and drive over there. You'll see some really beautiful, beautiful Texas right now!

Speaking of farming reminds us that we got a news release the other day quoting one Harold E. Carefoot, an official of the Cockerhutt Farm Equipment Company of Bellevue, Ohio. He averred that in looking ahead it was not unlikely that air-conditioned tractors were not too far in the future.

The story was accompanied by a picture of a smiling fellow cruising along on a tractor with a big plastic globe covering the man and the controls. Looked like an out-sized "space helmet" like the kids were wearing before they discovered Davy Crockett.

Tell you one thing—if they air-condition tractors it's going to be a lot easier to keep 'em down on

the farm. Yes, sir, Mr. Carefoot has got something here!

Sales of fed steers and yearlings were steady to strong at Fort Worth Monday. Cows were about steady, with some early sales of canners and cutters stronger. Bulls sold 50 cents lower. A few choice stockers and good and choice fat calves were steady, but others were weak to lower again. Inquiry on stocker cows was a little more active.

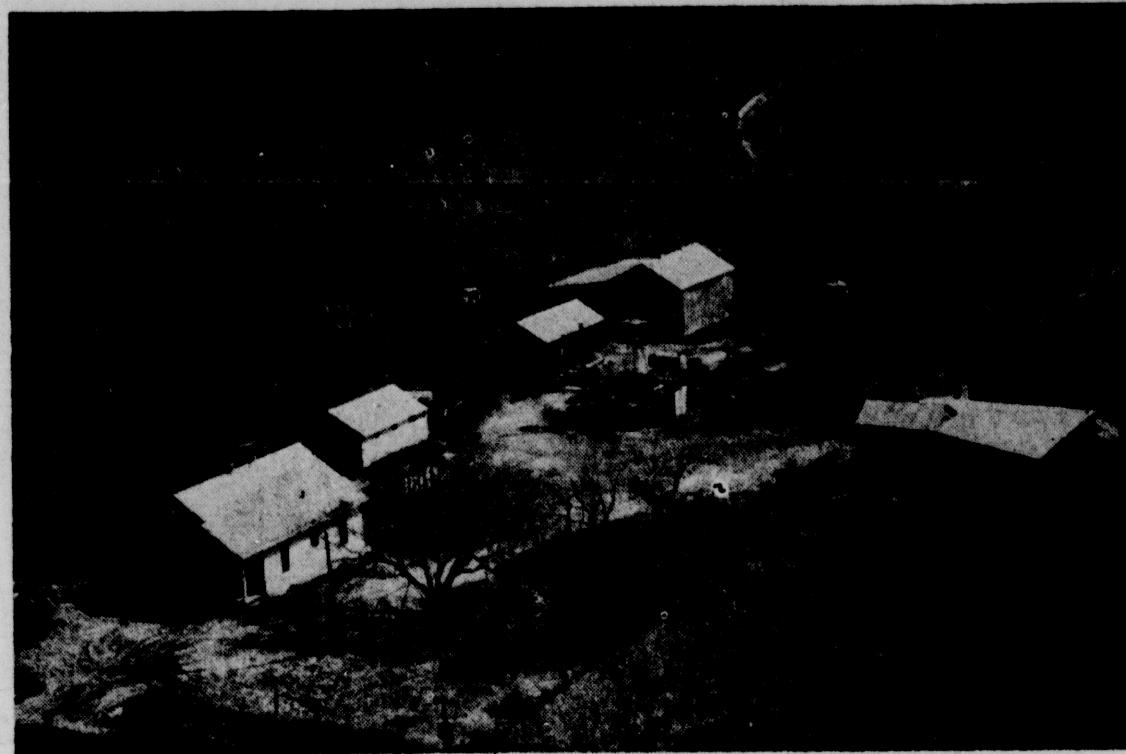

Prices included: Good and choice fed steers and yearlings \$18 to \$22.50, and common and medium sorts, \$10 to \$18; fat cows, \$10 to \$12.50, some heiferish cows, \$13.50 to \$14 on specialty shipping orders, not in line with the averages. Canners and cutters, \$6 to \$10; bulls, \$10 to \$14.50; good and choice fat calves, \$16 to \$19, a few \$19.50 and \$20 sparingly; medium and low grades, \$9 to \$15; stocker steer calves mostly \$15 to \$20, few fancy feeder calves, \$21 to \$22.50, load at \$22.50 weighing 483 pounds. Feeder yearling netted \$19.50 down; older steers, \$18.50 down; stocker cows, \$7 to \$12.

The bloom that reveals high grade slaughter quality was very hard to find in the sheep and lamb offerings Monday at Fort Worth, and many small lambs were included that were attractive to neither feeders nor packers. Prices were unevenly lower on all kinds.

Spring lambs topped at \$18 to \$20; feeder spring lambs sold at \$14.50 down. Cull, common and medium spring lambs were \$10 to \$16; slaughter yearling lambs, \$8 to \$14.50; feeder yearling wethers, \$12.50 down; yearling ewes, \$14 to \$14.50; old wethers, \$7 to \$10; slaughter ewes, \$4 to \$15.00; old bucks, around \$3.

Butcher hogs topped at \$20 to \$20.50 at Fort Worth, around 25 cents above the previous week's close. Sows drew \$11 to \$16.

The livestock market at Fort Worth will be closed for the tra-

**LAST WEEK'S MYSTERY FARM PICTURE** (above) was first correctly identified by Mrs. T. W. McGuire as the farm home of Mr. and Mrs. Roscoe Greenway, seven miles southeast of Hamlin. Originally settled 66 years ago by her grandfather, C. A. Fomby, the Greenways have occupied it since 1911. The farm's 238 acres are devoted principally to the growing of cotton, maize, wheat and oats.

### TO ATTEND REUNION.

Mr. and Mrs. Carl Young were to leave this week-end to attend the family reunion of the Young families at Daingerfield. The reunion is to be Sunday and Monday.

ditional Independence Day holiday, July 4. Officials of the market reported that the usual procedure would be followed and that livestock arriving over the holiday week-end will be penned on feed and water and shown for sale on Tuesday.

Steer calves entered in the feeder calf show sponsored by the Texas Aberdeen-Angus Association will be judged by Clayton Webster of San Angelo, and heifer calves will be judged by Herman Allen of Menard. The show and sale will be staged at Fort Worth July 8.

Secretary Glen Tole reports interest high and entries already far in excess of last fall's show. Among early entries are Rufus Peoples of Tehuacana, Ray McCulloch of Tarrant County and George Sewell of Jacksboro.

## Nazarene Pastor And Wife Present Program for Lions

"Put clean, big thoughts into your reservoir of knowledge, facts, truth and God," admonished Rev. Donald Wellman, pastor of the Hamlin Church of the Nazarene, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

The minister spoke on "Men and Our Problems," and declared that prayer is the secret to success in every day living.

Preceding his talk, Rev. Wellman and his wife sang a duet, "Since Christ the Savior Came," with Mrs. Wellman playing the piano accompaniment. He then sang a baritone solo, "I Want to Be Like Jesus."

Members of the club responded to an appeal by Rev. Wellman to have the club piano worked on and tuned, after he started a 25-cent-around donation for the proposal. Rotarians were to be asked to join in the move.

Besides the entertainers, other guests at the Tuesday luncheon included Eddie Hickman and L. H. Smith of Hamlin and C. R. Millard of Abilene.

## Hamlin Colored Girls Play Saturday Night

Hamlin colored girls' baseball team, the Skyrockets, will be featured in a three-game diamond melee Saturday night at Wendeborn Field at Stamford. They will play the Stamford Red Caps, then the winner will play the girls' crew from Haskell.

The local girls have won six of the seven games played this year. They defeated the Stamford girls three times, and won three and lost one game to the Snyder aggregation.

Sell it with a Herald classified.

## Mystery Picture Identified as Farm Of R. Greenways

Mrs. T. W. McGuire of Hamlin was the first to correctly identify last week's mystery farm picture printed in The Herald. She will receive a one-year subscription to Your Home Town Paper.

The picture was of the Roscoe Greenway place, seven miles southeast of Hamlin.

Originally settled 66 years ago by C. A. Fomby, grandfather of Mrs. Greenway, the place is a landmark of the Hamlin area. Following Fomby's death, the place became known as the C. J. Whitaker estate. Mrs. Whitaker being Fomby's daughter. Subsequently the Greenways occupied it, they having lived on the place since shortly after their marriage in 1911.

The 238-acre farm has 195 acres in cultivation. Its acreage is devoted to the raising of maize, cotton, wheat and oats. The Greenways built the present house 10 years ago.

Mrs. Greenway was the former Cornelia Whitaker. They have three sons, Howard Greenway of California, Whitaker Greenway of Abilene and Guy Greenway of Wyoming; two daughters, Mary Emmett Barron of Bolger and Carolyn Frances Knight of Alabama.

The Greenways are members of the Baptist Church.

## Methodists Youths Attend Ceta Camp

Seven members of the intermediate department of the First Methodist Church are among the young people from the Stamford district attending the annual intermediate camp at Ceta Canyon near Canyon this week.

They are Linda Duggins, Judy Parker, Carolyn Powell, Dwight Griggs, Jerry Crowley, Otha Brown and Tommy Bond.

# New Gulf No-Nox gives you not just the highest octane but... full working octane

Remember this picture? This is Gulf's famous burner demonstration—proof of what a difference Gulf super-refining makes. Notice that Gulf refines out the "dirty-burning tail-end" of gasoline...

instead of fighting it, inside your engine, with so-called "miracle-additives." That's why new, clean-burning Gulf NO-NOX can promise you not just highest octane, but full working octane.

because it's super-refined to burn clean

No gasoline, no matter how high the octane, can keep on giving you full power from your engine unless it burns clean.

That's why New Gulf NO-NOX is your best gasoline buy. In making new NO-NOX, Gulf refines out the "dirty-burning tail-end" of gasoline, the No. 1 troublemaker in today's high-compression engines.

As a result, you get a clean-burning gasoline that gives you:

- More complete engine protection than you get with so-called "miracle-additive" gasolines
- Extra gasoline mileage in the kind of short-trip, stop-and-go driving motorists do most
- Freedom from vapor lock, stalling and stumbling in hot-weather driving
- No knock, no surface pre-ignition—even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team... New Gulf NoNox Gasoline and New Gulfpride H.D. Select Motor Oil

The only motor oil in the world that's super-refined by the Alchlor Process for modern high-compression engines.

- Controls carbon—cause of knock, pre-ignition, valve failure.
- Combats corrosive acids, rust and deposits on engine parts.
- Assures lower oil consumption than "all-season" oils.
- Provides the toughest protective film ever developed.

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30—for each season.

## Rose Marie Brady and James Turnbull Repeat Wedding Vows Sunday Noon

Rose Marie Brady, daughter of Mrs. T. T. Brady, and James Hardy Turnbull of San Angelo, were married Sunday in the First Methodist Church at the close of the morning worship service. Turnbull is the son of Mr. and Mrs. J. E. Turnbull of San Angelo.

Rev. Darris L. Egger, pastor, read the double ring ceremony before an altar flanked by baskets of white gladiolus and stocks.

Mrs. Brad Rowland, organist, played traditional wedding music during the ceremony, and accompanist Ann Brock of Silver City, New Mexico, as she sang "The Lord's Prayer."

The bride wore a street length dress of all-over tucked white

linen with a fitted bodice trimmed in cut work design of embroidery. The sheath dress was belted with a wide sash of pink satin. The bride wore a headpiece of matching white cut work embroidery with white veiling. Her jewelry was a 39-year-old bracelet of her aunt, Mrs. W. B. Cotten, and pearls, a gift from the bridegroom. Pink shoes and bag with crocheted gloves and a corsage of pink elf roses completed her ensemble.

Guests were from Lubbock, Big Spring, Slaton, Sweetwater, San Angelo, Austin and Abilene.

The bride was graduated from McMurry College at Abilene, where she was a member of Delta Beta Epsilon social club, Future Teachers of America, and Sigma Tau Delta, honorary English fraternity.

The bride was graduated from Roby High School and was employed by Lane-Wells Company before serving two years in the Army two years, 17 months of which were spent in Germany.

The couple will live in Seminole, where she will teach in the Seminole Public Schools and he is again associated with the Lane-Wells Oil Well Servicing Company.

## Reception Given in Ueckert Home After Sunday Ceremonies

After the wedding rites for Melba Jo Ueckert and Wendell Rankin Sunday afternoon at Neinda Baptist Church, a reception was given in the home of the bride's parents Mr. and Mrs. E. W. Ueckert, for members of the wedding party.

The table was laid with a lace cloth with a bride's cake in the center. Bouquets were on each end, and candles accented the decorations.

Cake and punch were served to members of the party.

Out-of-town guests were from Garden Grove, California, Flores, Goldsmith, Crane, Trent, Merkel, Roby, Hamlin, Anson, Stamford and Midland.

## McCaulley School Homemakers Have Busy Summer Program

Members of the McCaulley High School chapter of Future Homemakers of America have been active in extra-curricular activities since school turned out in late May, according to Annie Laurie Woods, secretary of the group.

Projects have included some community activities as well as some fun.

Summer activities have included: Cleaning the cemetery; cleaning the homemaking cottage yard, during which time picnic lunches were brought by attendants; cut the weeds and set out new grass around the cottage. And for an entertainment foray the girls were taken on a swimming party to Anson by Mrs. T. E. Green.

Recently attending the FHA camp for the region were Wanda Herron, Bales Henderson and Annie Laurie Woods.

**SUNDAY AFTERNOON BRIDE** above is Mrs. Wendell Rankin, who before her wedding was Melba Jo Ueckert. She is the daughter of Mr. and Mrs. E. W. Ueckert of Neinda, and he is the son of Mr. and Mrs. R. D. Rankin of Stamford. They will make their home near Camp Gordon, Georgia, where he is stationed with an Army unit.

## Melba Jo Ueckert and Wendell Rankin Married in Sunday Rites at Nienda

An impressive church ceremony Sunday afternoon at 3:00 o'clock at the Neinda Baptist Church, five miles south of Hamlin, united in marriage Melba Jo Ueckert and Wendell Rankin.

The bride is the daughter of Mr. and Mrs. E. W. Ueckert, and young Rankin is the son of Mr. and Mrs. R. D. Rankin of Stamford.

Performing the rituals before an altar decorated with summer flowers was Rev. Eugene Walters of Abilene, pastor of the Neinda church. Father of the bride gave her away.

Attendants at the wedding were friends of the couple. Evelyn Kidwell of Hamlin was maid-of-honor. Janice Ueckert, a sister, and Burny Glenn, a friend, were bridesmaids. Best man was Wendell Rankin of Stamford, brother of the bridegroom. Ushers were Herman Williams of Hamlin and Lavaughn Freeman of Trent, cousin of the bride.

The bride was dressed in a white imported embroidered organdy gown with white pearl buttons and a standing collar, fashioned in ballerina length. She carried three white carnations on a white Bible.

The bridesmaids were dressed in pink organdy sun dresses with fitted boleros, and carried hand bouquets of white carnations. The maid-of-honor was dressed in a blue organdy dress similar to those of the bridesmaids, and she had pink accessories and carried a pink hand bouquet.

Preceding the ceremony, Janice Murff of Roby, cousin of the bridegroom, played traditional wedding music. Linda Carlton of Hamlin sang "I Love You Truly" and "Because."

The bride attended Hamlin High School, where she was active in school and extra-curricular activities. Young Rankin is a graduate of Anson High School. He is now serving in Uncle Sam's Army.

Following the wedding the newlyweds left for a brief honeymoon on their way to the bridegroom's Army camp. For traveling she wore a pink cotton street length dress with white accessories.

The couple will be at home near Camp Gordon, Georgia, where he is stationed.

## BOOPY-DOOP TALK

The teacher was giving her class an example of ancient language. "Now, Gene," she said to a pupil, "give me an example of a modern day sentence which conveys the meaning, 'Thou art good!'"

The pupil paused for a few moments of meditation, then his face lightened up with sudden understanding as he said: "I dig you, cat, and you're real crazy!"

For best dressed salads!

**Miracle Whip**  
SALAD DRESSING

## Firemen's Auxiliary Entertains Husband At Picnic at Park

Husbands of members of the Hamlin Volunteer Firemen's Auxiliary were honored last Thursday evening at the Hamlin City Park with a picnic.

Following the picnic at the park, the women went to the fire station for their regular social meet. Secret pals for the past three-month period were revealed at the social.

Attending the picnic were the following: Mr. and Mrs. Jack White, Mr. and Mrs. Ed Brauscum, Mr. and Mrs. Mickey McGuire, Mr. and Mrs. Harold Buchanan and son, Mr. and Mrs. Jake Lawson and children, Mr. and Mrs. Bill Thompson and children, Mr. and Mrs. Lee Hastings and children, Mrs. J. O. Murphree and children, Howard Nall, Mr. and Mrs. June Jones and Dubby, Mr. and Mrs. Sol Branscum, Anita and Linda Post of San Antonio, Rev. and Mrs. Victor Ortiz and grandchildren.

## Methodist Women in First Meeting of Year

First meeting of the new conference year for the Anderson Circle of the Woman's Society of Christian Service of the First Methodist Church was hosted by the new chairman, Mrs. V. V. Anderson.

Mrs. Anderson presided for the business session, and then the program of the afternoon was turned over to Mrs. Bert Fomby, who is the new program leader for the year.

Mrs. Fomby gave highlights of her trip to Ceta Canyon as a youth counselor. She also directed a study of the symbol of the WSCS. The meeting was closed with prayer.

There were nine women present, one of whom was a new member.

## WOMAN TO BLAME

The colonel inspecting a new group of draftees was somewhat astonished to find a gray-bearded old gaffer standing conspicuously among the smooth-faced youngsters.

"Tell me, Dad," he asked, "how did you happen to be here?" "Well, sir," he replied, "I happen to have a twin sister who, like all women, is sensitive about her age. Everyone in town knew we were twins. Now I don't rightly know what age she was giving out—but here I am!"

An executive is a business man who has to work hard to find work for the staff to do.

## Dollie Louise Scogin To Wed Don Johnson

Announcement was made this week by G. Scogin of Abilene of the engagement and approaching marriage of his daughter, Dollie Louise, to Donald Edward Johnson, son of Mr. and Mrs. A. E. Johnson of Hamlin.

The young couple will be married in the home of Rev. George Bradley, pastor of the Portland Avenue Baptist Church in Abilene on Saturday.

The bride-elect is employed by the First State Bank in Abilene, and young Johnson is a student at Hardin-Simmons University.

## Reception Given for Brady-Turnbull Party

Following the wedding Sunday at noon of Rose Marie Brady and James Hardy Turnbull at the First Methodist Church, a family dinner was rosted in the T. T. Brady home for relatives and members of the wedding party.

A wedding theme of pink and white was used in decorations. The table was laid in white linen and centered with the three-tier wedding cake. Baskets of white gladiolus and stock were at the ends of the table.

Guests, who were members of both the bride's and the bridegroom's families, were served from a buffet table centered with a low flower arrangement.

## Mrs. Johnnie Johnson Honored with Eightieth Birthday Brunch Saturday

Mrs. Johnnie Johnson was 80 years young Saturday, and scores of her friends of the Hamlin area and elsewhere helped her to celebrate.

The young lady was feted at a brunch Saturday morning in the home of Mr. and Mrs. Tate May on Northwest Avenue B, when the hostesses were Mrs. W. C. Russell; three daughters, Janice Mae Johnson of Sioux Falls, South Dakota, Carrie and Annie Laurie Johnson of San Antonio; and a daughter-in-law, Mrs. Frank Johnson of Rotan.

The house was decorated with pink carnations and pink gladiolus and other flowers that were received as gifts by the honoree. On the dining table was a greeting "Happy Birthday," which was made by seven-year-old Helen May of Colorado City, daughter of Mr. and Mrs. Robert May.

Receiving guests at the door were Mrs. Russell, who presented the honoree; the three daughters; and Mrs. Rex Caraway of Bowie, a relative.

Attendants, who came from Hamlin and a number of neigh-

boring cities, were served sandwich loaf, frozen ring salad, nuts, punch, coffee and mints.

The honoree is the widow of a long-time druggist, who passed away in 1953. The Johnsons have lived in Hamlin since 1926. Besides the three daughters, Mrs. Johnson has three sons, Theo Johnson of Hamlin, Dr. Frank Johnson of Rotan and Dr. Robert Johnson of Fairfax, Alabama.

Incidentally, the Tate Mays were on a trip to the East Coast, but the party had been planned before they left.

## CHRYSLER'S "100-MILLION-DOLLAR RIDE!"

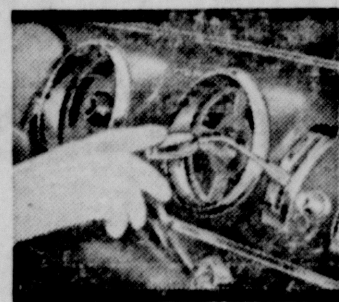

Come see the glamorous  
"100-Million-Dollar Look"  
that's got motorists  
switching to Chrysler by  
the tens of thousands!

You'll really be pleased when you get a look at the price tag of this sleek, powerful new Chrysler Windsor Deluxe V-8! It's so much less than you might think, and it includes so much more than other cars in its price class! You get as standard equipment a whole multitude of exciting new drive features that

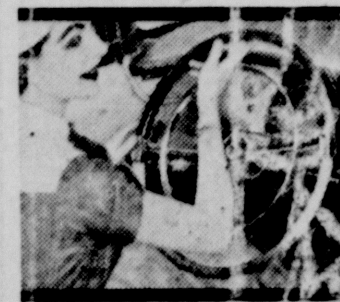

you either can't get at all, or have to pay extra for, on most other makes. And, of course, you get all of Chrysler's famous size, comfort and performance! So see us soon, won't you? You'll find our easy terms make this brilliant new Chrysler Windsor a "natural" for your budget!

Most powerful type V-8 engines on the road! As high as 300 hp if you choose . . . with a tremendous margin of safety-reserve power that's instantly responsive to your every driving command!

Smoothest, most automatic no-clutch driving of all, with world-famous PowerFlite Fully-automatic Drive! It multiplies engine power over 400%. New range selector located on the dash!

One finger is all it takes to turn or park this great new beauty, with Chrysler's Full-time PowerSteering. The only power steering that stays on the job all the time, giving you secure "feel of the road!"

Matchless comfort, even on the roughest roads, with the double-strong cushioning power of Oriflow shock absorbers. Synchronized springs and anti-roll suspension add road-hugging stability!

GOOD DRIVERS DRIVE SAFELY!

### Meeting of Top International Leaders May Be Fruitful, Says Omar Burleson

The meeting at the "summit" on July 18 in Geneva, Switzerland, will probably hold the spotlight in the news for some time.

There is a wide difference of opinion as to what may be expected from the meeting. President Eisenhower has warned that no great optimism should be worked up over any immediate results from the conference. It is natural that many Americans be skeptical in meeting the Russians. From past experience, we have learned the "hard way."

Personally, I think if anyone can deal with the Russians, the president can do so without resulting harm.

The key to any conference with the Soviet Union is the control of the A and H bombs. No one is going to be foolish enough to agree to outlawing nuclear weapons with some system of strict inspection. The Russians have given no indication they will accept such.

The next question arises as to whether or not even strict inspection would be safe. The time is rapidly passing when it requires great plant or obvious preparation in manufacturing the A and H bombs. The scientists have reduced the size of the operation to the extent that it is much easier to hide than those produced earlier. That A and H weapons have become much simpler and less likely of detection.

Together with the scientific discoveries of our age, probably the advancement made in atomic and nuclear research since 1945 is equally fantastic.

Recently a friend of mine told me that he had flown in an ordinary airplane from Mount Sinai to the River Jordan in 40 minutes. He flew the same route taken by Moses and the Israelites. It took them 40 years.

Perhaps the advancement in the awful weapons of destruction can compare to this progress.

It seems to me that the only real decision to reach toward a guarantee of peace in the world is for all nations and men to realize that there will be no victor in an atomic and hydrogen war. This means, as I have maintained since the advent of these awful weapons, that we will be living in a time of tension for a long time to come. The sooner we make up our minds to this proposition, the happier we may be in living with facts we had rather not have to face.

Lifted from someone else: "There is nearly as much happiness in earnest effort as in solid success, and a lot more time to enjoy it."

Dr. Henry Rolfe, commissioner of health, declares that the chief cause of these intestinal diseases are contaminated milk, water or food; allowing the child to get overheated or exhausted; excessive sugar in the infant's formula and foods that have been improperly refrigerated.

All foods should be clean and fresh and all left-overs should be refrigerated so as to avoid spoilage. The utmost care should be used in preparing the infant's formula which should, of course, be prescribed by a physician and his recommendations as to sanitation precautions and correct refrigeration should be implicitly followed.

The commissioner of health warned parents especially of the disease transmission by flies. Children in any home that is not free from flies are in danger of contracting dysentery or other intestinal diseases which may be fatal. If dysentery or diarrhea symptoms appear in your child, call your doctor immediately. Dr. Rolfe advises. His treatment of the disease is your best insurance against fatal diseases, since such diseases are really a very serious threat to the child's life. Do not depend on home remedies for diarrhea or dysentery; consult a competent physician and let him start the safest and best treatment which medical science has available for combating these diseases.

The one and only serious mistake is to be afraid of making mistakes.—C. A. Smart.

### Summer Diseases of Children May Be Held In Check by Caution

The summer season always brings an increase in the incidence of dysentery, diarrhea and enteritis, all of which are major menaces to the lives of small children, annually causing the death or illness of hundreds of Texas youngsters.

Dr. Henry Rolfe, commissioner of health, declares that the chief cause of these intestinal diseases are contaminated milk, water or food; allowing the child to get overheated or exhausted; excessive sugar in the infant's formula and foods that have been improperly refrigerated.

All foods should be clean and fresh and all left-overs should be refrigerated so as to avoid spoilage. The utmost care should be used in preparing the infant's formula which should, of course, be prescribed by a physician and his recommendations as to sanitation precautions and correct refrigeration should be implicitly followed.

The commissioner of health warned parents especially of the disease transmission by flies. Children in any home that is not free from flies are in danger of contracting dysentery or other intestinal diseases which may be fatal. # FOR A GRAND AND GLORIOUS FOURTH

*celebrate  
with  
safety*

Yes, the Fourth of July means a good time for all . . . youngsters and oldsters alike. And, you know, the meaning in back of Independence Day is pretty wonderful. Most of us just take independence and freedom for granted, but maybe this year it would be a good idea to pause and give a little thought about how great it is . . . and how fortunate we are . . . to be Americans!

Right here in Hamlin, for example, we enjoy things that the peoples of many other nations never thought existed. Being able to read and say what we please . . . worship as we please . . . work at a job where enthusiasm and ability pay off . . . buy food and clothing and automobiles and anything else we might need or want are privileges that have been handed down by our forefathers. They fought to get them . . . we'll fight to keep them!

It all adds up to this: Our America . . . and our own community . . . are the greatest places on earth. Let's never, ever forget it. Have a good and CAREFUL time this Fourth of July!

"We hold these truths to be self evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are Life, Liberty and the pursuit of Happiness."

*From the Declaration of Independence, adopted by the Continental Congress, July 4, 1776.*

This patriotic page sponsored by the following Hamlin business firms, which will observe Independence Day by closing all day Monday, July 4

Your Home Town Paper

DR. J. W. McCrory, long-time Hamlin dentist, gets a bang out of this one: Gently he pushed her quivering shoulders back against the chair. She raised beseeching eyes in which faint hope and fear were struggling. From her parted lips her breath came in short, wrenching gasps. Reassuringly he smiled and leaned forward. Then with his dental drill he filled three cavities.

A SMILE is a wonderful thing and it has a lot of power. Walt Mason is responsible for this poem about the power of a smile:

It's hard to keep smiling  
When troubles are piling  
Their weight on your neck till it's  
sprained;  
It's hard to keep grinning  
When others are winning  
The prizes for which you have  
strained.

It's hard to be cheery  
On days wet and dreary  
When everything near you looks  
drowned;  
It's hard to be sunny  
When all of your money  
Is sunk in a hole in the ground.

It's hard to keep laughing  
When wearily quaffing  
The flagon of grief to the dregs;  
It's harder to frolic  
When you have the colic  
Or gout in the end of your legs.

But how will it aid you  
When woe has waylaid you  
To rumble and grumble and  
swear?  
There's nothing that's healing  
In kicking the ceiling  
Or biting the rungs from the chair.

It's hard to look pleasant  
When anguish is present  
And yet it is strictly worth while;  
Not all of your scowling  
And frowning and growling  
Can show off your grit like a smile.

ANOTHER in the series of simple rhymes carrying a lesson is the one below, submitted by the traffic safety division of the Texas Department of Public Safety:

Speeders start there—  
Careful drivers get there!

EXTRA READING was provided by a juicy piece of literature, according to a report from a library:

"I trust you found that novel interesting," the librarian remarked.

"The book wasn't so much," the co-ed replied, "but that letter someone left in it for a book mark was a lulu."

WALT MARTIN is credited with having penned the verse below about two kinds of love:

Though true love runneth never smooth,  
And though true lovers suffer,  
I note the dawn of untrue love  
Runneth a darn sight rougher!

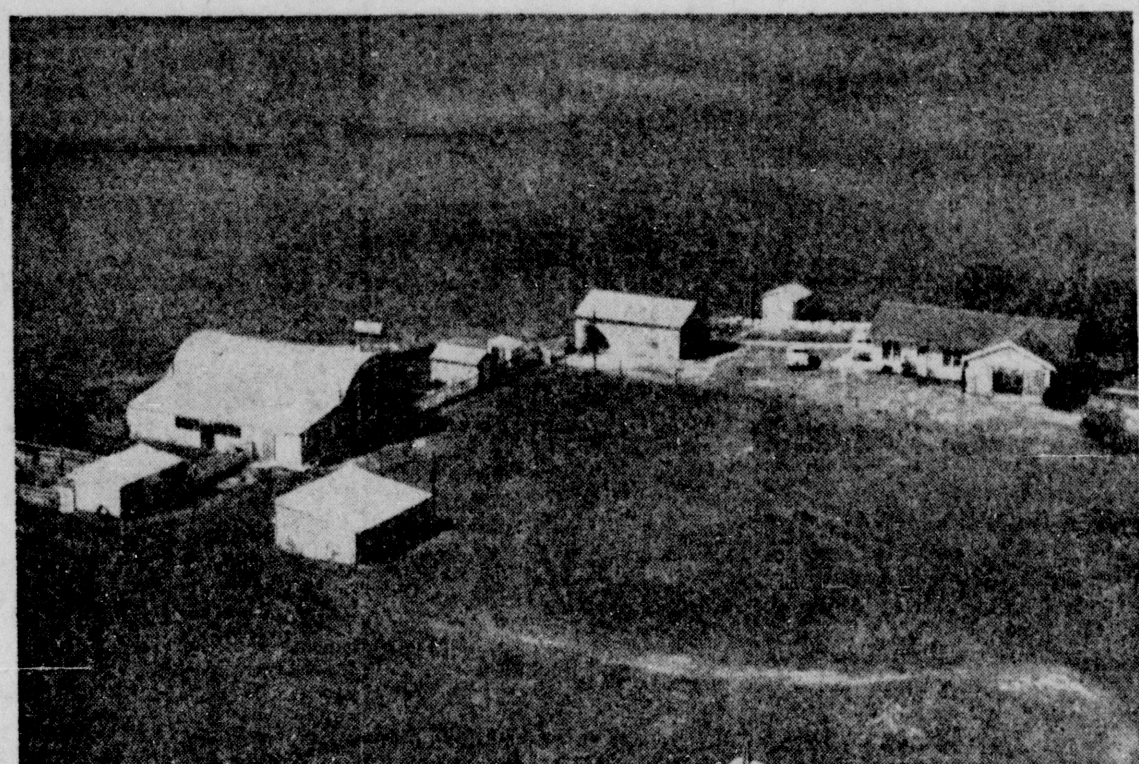

WE RAN ONTO a catchy little verse the other day credited to Gordon Martin about the home-town newspaper that appealed to us. It runs like:

My old home town paper, I welcome each day . . . and many an item has something to say . . . of places and people I once knew so well . . . and each has a wonderful story to tell.

But I must confess, as the years flutter by . . . that many an item attracting my eye . . . will mention some folks that I do not recall . . . though once I could say I remember them all . . . And also I notice a gradual change . . . in places of business, which sound very strange . . . and didn't exist in the blocks that I knew . . . in days when I ran with a rollicking crew . . . and knew every sidewalk and building and tree . . . with memories ever delightful for me.

But still, with the changes so numerous now . . . I have a discomforting feeling somehow . . . that progress has altered the buildings and streets . . . and gone and forgotten are boyhood retreats . . . but though I may notice a change in the news . . . I pick up the paper and always enthuse . . . for this was my town and it ever will be . . . and time cannot change its attraction for me!

# Beautiful New Pool to Be Opened Thursday

ANOTHER IN THE SERIES of Mystery Farm Pictures being run by The Herald is shown above. First person, other than the owner and his family, to correctly identify the view will be given a one-year subscription to Your Home Town Paper. In order to give readers of the paper living on the rural routes an equal chance at the identifying, no answers will be accepted before 1:00 p. m. Friday, either in person or telephoning to the paper office. The original aerial picture will be presented to the owner by The Herald.

## Formal Opening And Celebration to Be Staged Later

No special swimming program is being planned for Splash Day Thursday at the opening of the new Hamlin swimming pool, announces Jess Parrish, manager of the pool under lease agreement from the Hamlin Foundation. Because of possible congestion of the pool with the hundreds expected to be trying out the water, Parrish says contests and other features will be postponed until a later date.

However, a formal opening and celebration is being planned for the near future. Neighboring towns and cities will be asked to name candidates for the bathing beauty title at the new Hamlin swim center. A coronation ceremony will be staged at the pool.

In connection with the bathing beauty queen naming, various swimming and diving contests will be planned for swimmers of all ages, Parrish indicates.

Other special events are planned for a full summer program at the pool.

Parrish also announced that swimming instruction classes will be organized a little later when non-swimmers will have opportunity to learn how to swim. The classes will be arranged for the convenience of patrons of the pool as the demand justifies, the manager states.

## Little Change in City Tax Valuations for 1955 Contemplated

Little change in tax valuations for property owners of the city have Hamlin is contemplated for 1955, city officials indicated this week as notices for hearings before a tax equalization board were being mailed by City Secretary Mrs. H. M. Barrow.

Of the 75 postal card notices being mailed to owners where property valuations were raised, practically all of these were for owners who made additions or had new property rendered, Mrs. Barrow said.

The equalization board, composed of L. H. McBride, Weldon Johnson and Jim Howard King, will sit as an equalization board on Tuesday and Wednesday evenings, July 5 and 6, at the city hall.

Major adjustments in property valuations were made last year in city property valuations, when a blanket 25 per cent increase was put into effect.

## VISIT WITH MOTHER.

Mrs. Clarence Martin and little daughter, Clarence, of Idalou and Mrs. Tommy Daniels and daughter of Lubbock visited Mrs. I. J. Dixon several days. Mrs. Martin and Mrs. Daniels are Mrs. Dixon's daughters.

## Thursday Was Push-Off Day for Scouters to North

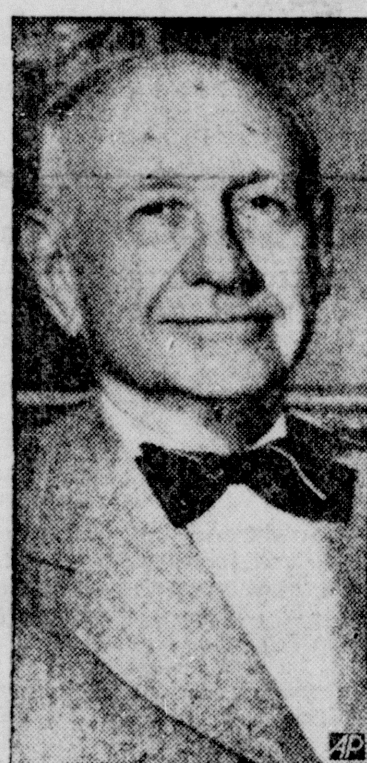

Thursday was push-off day for one of the happiest bunches of young men and adult leaders who could find. Abilene was the embarkation point, and the Canadian wilderness was the inevitable destination.

There were about 30 in the group of senior Boy Scouts and their adult sponsors.

Four Hamlin young men and an adult leader were among the band that boarded an air conditioned bus for the 4,000-mile round trip. They were L. R. (Red) Fowler Jr., Dee Prewitt, Don Adair and Joe B. Stephens Jr., who are members of Hamlin Explorer Post No. 43, sponsored by the Hamlin Rotary Club; and Roy Dunlap, city coordinator, who will accompany the quartet.

Leaving Abilene on an air-conditioned bus, the boys will travel to Minnesota, where they take off in canoes through a still virgin wilderness. They will spend eight days on that part of the trip, and will return to Abilene about three weeks after their departure from there.

Most of the northern lakes and streams they will traverse are accessible only by canoe, and the area is considered a sportsman's paradise, for relatively few persons fish the lakes.

PUBLISHER DIES—Amon G. Carter (above), long-time publisher of The Fort Worth Star-Telegram, chairman of Carter Publications, Inc., died Thursday at his home at Fort Worth. He has been seriously ill for some time.

## New Officers for Rotary Club Take Office Wednesday

Officers for the new fiscal year were installed at the Wednesday noon luncheon of Hamlin Rotary Club at the oil mill guest house. Weldon Johnson, retiring president officiated at the ceremonies.

Taking office were: J. E. Patterson, president; Jake Lawson, secretary-treasurer; Gene Prewitt and Roy Dunlap, new directors. Hold-over directors are Houston Walker and Ned Moore.

Special guests of the club at the luncheon were Don Adair, Joe Stephens Jr., Red Fowler and Dee Prewitt, members of Explorer Post No. 43, who will leave Thursday for the Far North country of Minnesota and Canada. They will be accompanied by Roy Dunlap, city coordinator, as leader. The post is sponsored by Hamlin Rotary Club.

R. L. McClung, manager of the Midwest Cooperative Oil Mill, was inducted as a new member of the club.

Besides the boys, other guests present for the luncheon were Rev. W. C. Rea and Ted Armstrong of Hamlin; Bill Hamilton of Lubbock; Tom Boyd, Billy L. McCauley, W. M. Blackburn, Edgar Ellis and H. D. Tebay of Stamford; Garland Franks, R. W. Massey and J. D. Holbrook of Sweetwater.

# Hamlin Fire Losses for Year Soar as Two Major Blazes Hit

## Last Year's Losses Already Doubled For Six Months

Hamlin's fire loss record for the year 1955 so far has been a bad one, a review of the sustained losses by Fire Marshal T. W. (Mickey) McGuire reveals. The losses for the first six months of the year already exceed the annual five-year average of \$15,000-plus, which included the disastrous oil mill fire of 1952.

Fire losses for the January-through-June period this year total nearly \$24,000. Two big fires responsible for most of this loss were the Paul Bryan Lumber Company fire and the Hassen Dry Goods Company fire.

Five major fire alarms have been answered by the Hamlin Volunteer Fire Department in 1954.

In 1953 Hamlin had 29 fires with an insured loss of \$3,201, and paid \$59,939 in insurance premiums, McGuire reports. In 1954 there were 28 fires with an insured loss of \$9,637.10, with insurance premiums of approximately \$60,000, both of which figures reflected gains over 1953.

Insurance rates are figured over five-year periods of insurance, the fire marshal points out. Key rates for the past few years were as follows: 1951, 41 cents; 1952, 41 cents; 1953, 44 cents; 1954, 37 cents. Due to credits and reductions and good fire records in the past, Hamlin's key rate was reduced to 37 cents starting January 1, 1955.

Several thousand dollars in insurance premiums have been effected by the current good fire record credit, McGuire declares.

## Nazarene Youths to Go to Glen Rose Camp

Three young people of the Hamlin Church of the Nazarene will leave Monday morning early for Glen Rose to attend the annual encampment of the church, which will last through July 8.

They are Patty Bigham, Terry Scott and Jerry Warnell. Accompanying the youths will be Rev. Donald Wellman, pastor.

## Dovie Singing Slated This (Friday) Evening

Out-of-the-community singers have been invited for special numbers at the regular Friday night singing Friday evening, July 1, at the Dovie church, five miles east of Hamlin, community leaders announce. Singing will get underway at 8:00 o'clock, and everyone is invited to attend.

TALK OF PAKISTAN—Pakistan's ambassador to the United States, Syed Amjad Ali (left) has a broad smile as he chats with Aline McKenzie (center) and Senator Price Daniel of Texas at the Capitol in Washington. Miss McKenzie of Kingsville is en-route to Pakistan where she will set up a home economics program at the University of Dacca.

## Special Tickets Required for All Attending Event

Thursday is Splash Day at the spanking new swimming pool at Hamlin City Park.

This announcement was made by officials of the Hamlin Foundation, promoter and builder of the \$20,000 community project that has been the center of conversation among certain circles of the community for 20 years. The recreation facility was realized after weeks of planning, scheming, maneuvering, soliciting and ticket selling that made the plans, incorporated a steering group, and raised the money for the worthwhile undertaking.

Splash Day for the new pool will permit swimming for the first time beginning at 1:00 o'clock and will continue until 8:00 Thursday night.

Special Splash Day tickets will be required for the opening day, price of which is \$1 for everybody, according to Jess Parrish, who is manager of the pool under terms of a three-year lease from the foundation. John Taylor will assist Parrish in operation of the swimming pool and concession stands.

As an added feature of Splash Day, admission tickets will entitle holders to a chance at a 21-inch television set, which will be given away at 8:00 o'clock Thursday night at the pool. Pool officials point out that the holder of the lucky ticket does not have to be present to win the TV.

## National Guardsmen To Go Soon to Camp

Arrangements are being made by 16 Hamlin members of the National Guard unit at Stamford to attend their annual camp at North Fort Hood beginning next Friday, July 10, according to First Lieutenant Joe E. Ford of Hamlin.

Two weeks of maneuvers and special training will be undergone by the guardsmen in the second of a series of camps being staged for men of West Texas at the big Army base.

## RETURN FROM AUSTIN.

Freddie Lou Rogers and Almeta Niedecken returned Sunday a several day visit with relatives and friends at Austin.

## Fleahoppers Making Inroads on Cotton in County as Agent Gives Control Ideas

Cotton fleahoppers have made their appearance in Jones County cotton fields, according to Bill Lehmburg, county agent. There is a wide variation in the size of cotton throughout the county, with some just coming up and other fields that have cotton eight to 12 inches high, hence control methods may have to be altered some, the agent points out.

For young cotton (four to eight-inch stage) early season control is recommended to assure setting of all fruit. To control fleahoppers in this stage one of the following dust or sprays can be used:

Dusts—3-5-40 mixture; 10 per cent toxaphene, 40 per cent sulphur mix; five per cent DDT, 75 per cent sulphur mixture. These should be applied at the rate of 10 pounds per acre.

Sprays—DDT (two pounds per gallon), one quart per acre; heptachlor (two pounds per gallon), one-half pint per acre; endrin (1.6 pounds per gallon), one-half pint per acre; dieldrin (1.5 pounds per gallon), one-half pint per acre; aldrin (two pounds per gallon), one-half pint per acre; toxaphene (six pounds per gallon), one pint per acre.

For early season control, no field insect counts are made. Since the cotton is small, only a small amount of poison is needed, and this generally does not kill the more hardy beneficial insects.

For older cotton (eight leaves or more) late season control is recommended. This should be done only after an insect count has been made and 25 or more

## Hamlin People by Scores to Attend Stamford Reunion

Hundreds of cowboys, colorful garbed sheriff's posses and riding clubs as well as chuck wagons, buggies and a stage coach will be seen in the western parade through the Stamford business section at 5:00 p. m. Friday marking the opening of the twenty-fifth annual Texas Cowboy Reunion.

The famous Cowboy Band of Hardin-Simmons University and 60 lovely cowgirl sponsors will be in the parade. Thousands of visitors are expected to view the cavalcade, including scores from the Hamlin area.

Many of the 500 old-time cowboys who plan to attend are already in town.

There will be a rodeo performance Friday night, also Saturday and Monday nights, with a matinee on the Fourth of July. The number of contestants is the largest of any rodeo in the world and all are actual cowboys. Chuck wagons from famous ranches will provide regular range fare to the public each day, and there will be dances old fashioned and modern, as well as an old-time fiddlers' contest. The rodeo will present wild cow milking, cowgirl sponsors' clover leaf barrel race, bronc riding, Brahma bull riding and calf roping, with special roping contests for the old-time cowboys and for GIs and ex-GIs.

A great tourist attraction, the Texas Cowboy Reunion has been viewed by visitors from every state and among those who have attended were Will Rogers, Gene Autrey, Paul Whiteman and Wild Bill Elliott.

## Tommy Carpenter to Be Stationed in States

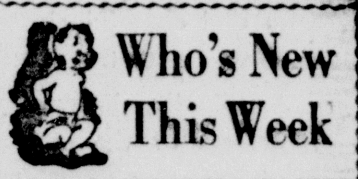

Tommy Carpenter, son of Mr. and Mrs. Fred Carpenter of Hamlin, was a happy person Tuesday, as were the parents—because he was not sent overseas.

Tommy, who had spent several months in Venezuela working for an oil company as an engineer, was in New Orleans, Louisiana, awaiting a plane for the South American country, when a wire came advising him to remain in the States. Tommy was due to return home Wednesday and then await reassignment by the company in this country.

SHIVERS WITH APPROPRIATION BILL—Governor Allan Shivers through the appropriation bill after he had signed it at a press conference in Austin. Shivers said that, although in many fields the bill is not as large as he hoped for, but "on the whole" considered it a good bill.

See FLEAHOPPERS—Page 3

Mr. and Mrs. Jack D. Dean of Fort Worth are announcing the arrival on June 9 of an eight-pound nine-ounce son, who has been named James David. Grandparents are Mr. and Mrs. W. H. Dean of Hamlin and Mr. and Mrs. O. M. White of Hobbs, New Mexico.

Three new citizens have been recorded at Hamlin Memorial Hospital since last report in The Herald. All girls, they are:

A girl for Mr. and Mrs. Brad Rowland Jr. of Hamlin, who was born June 19 at 8:40 a. m. Tipping the scales at light six pounds six ounces, the little miss has been given the name Velene.

A girl for Mr. and Mrs. Calvin Walton of Aspermont, who arrived June 21 at 8:11 a. m. After having her weight checked at nine pounds, she was accorded the name Gayla Rose.

A girl for Mr. and Mrs. P. T. Stewart of Hamlin discovered America June 26 at 3:10 p. m. She will answer to Karen Elaine. She weighed eight pounds three ounces at birth.

# THE HAMLIN HERALD

Established in November, 1905

Published Every Friday Morning at the Herald Building, Hamlin, Jones County, Texas

June Jones, Publisher Willard Jones, Editor  
 Overa Jones, Bookkeeper  
 Mrs. Etta Bond, Office Supplies  
 Harold Buchanan, Floorman  
 Roy Harrison, Pressman  
 Virgil Wilson, Utility

**SUBSCRIPTION RATES:**  
 In Jones, Fisher, Nolan, Taylor, Haskell, Stonewall and  
 Shackelford Counties: \$2.50  
 One Year, in advance \$1.50  
 Six Months, in advance \$1.00  
 Elsewhere: \$3.00  
 One Year, in advance \$1.75  
 Six Months, in advance \$1.00

Entered at the Post Office at Hamlin, Texas, for  
 transmission through the mails as Second Class Matter  
 according to an Act of Congress, March 3, 1879.  
 Any erroneous reflection upon the character of any  
 person or firm appearing in these columns will be cor-  
 rected, gladly and promptly, upon its being brought to  
 the attention of the management.

## CRITICISM CAN BE USED AS A STEPPING STONE

In the Hamlin community can take the un-  
 savory taste of criticism from our friends?  
 Being able to take criticism with apprecia-  
 tion give it as well in kindness is a virtue  
 that is beyond price.

How many of us are members of the  
 ancient but hardly honorable profession of  
 Fault Finders? Most of us, we are sure, be-  
 cause this is the easiest of all professions to  
 enter. It requires no aptitude, no training,  
 and imposes no responsibilities. But we must  
 also remember that its long history is devoid  
 of constructive accomplishments.

There is a kind of criticism that is actually  
 helpful; there is a place for helpful criticism.  
 Complacency is one of the most serious dis-

How many of us common folks right here  
 ease to which any organization or person is  
 subject. Progress is impossible in an atmos-  
 phere of comfortable self-satisfaction.

One of the most effective antidotes for this  
 poisonous condition is healthy, forthright criti-  
 cism. It is no kindness to withhold helpful

criticism. Suppose you were training for an  
 athletic contest in which you would need the  
 best of health to win? And suppose you went  
 to your doctor and asked him to give you a  
 check-up to see if you were fit. Let us say  
 that the doctor found a serious defect, but  
 he was a kind-hearted man and didn't want  
 to worry you, and said nothing about it.  
 Would you consider that doctor your friend?

No doctor worthy of the name would do  
 this. But there are lots of people who call  
 themselves our friends who hold back honest  
 and helpful criticism even when asked for it,  
 fearing to hurt our feelings. This is no real  
 kindness, for they make it harder for us to  
 get nearer to that perfection which we are  
 all seeking.

It is natural for a man to seek perfection,  
 however much he falls short of it, and every-  
 body who helps him by pointing out why he  
 has failed and how he may bring about im-  
 provement is his friend. Only through the  
 proper use of criticism can this improvement  
 be obtained.

## Are We Spoiled Brats?

The thing that is essential today in this  
 country when we get right down to it is an  
 effort on our part to keep a sense of values.  
 We do not want to be like the pampered in-  
 fant who has so much he doesn't appreciate  
 any of it.

In recent years the private enterprise sys-  
 tem has showered the American people with  
 every convenience. And yet, during this  
 period of tremendous progress and prosperity  
 "gifts" from government have been demand-  
 ed with a resulting drift toward socialism and  
 away from freedom.

In this age of wonders are we overly pam-  
 pered? How far do we have to go before  
 we become a nation of spoiled brats, crying  
 for more and more from Santa Claus?

## What Is Conversation?

The dictionary defines conversation as "the  
 oral interchange of ideas or statements be-  
 tween two or more persons." In other words, in  
 any discussion engage the other person, solicit-  
 ing his opinion and views. Don't talk to him  
 or at him, but with him. Conversation is a  
 two-way proposition and half of its success  
 depends upon your being a good listener.

Avoid pet phrases which some repeat like  
 a parrot to everyone they meet. Have some-  
 thing new and original to discuss that you  
 have been thinking about.

Hogging the entire conversation will only  
 give the other person the impression that you  
 are "showing off." On the other hand, don't  
 cringe from talking with others. Modest assur-  
 ance and cheerful sincerity always lay the  
 groundwork for true friendships.

And finally, always keep a cheerful attitude  
 regardless of the other person's frame of  
 mind. If your acquaintance is grouchy, try  
 to help laugh him into a more pleasant mood.

One of the finest compliments that you'll  
 ever receive will be the happiness people get  
 from talking with you.

## Threads of Personality

When a skein of yarn gets tangled into  
 a knot, it is of no use. With care, we must  
 untangle the threads so that they will flow  
 smoothly, in order that they may be made  
 into useful articles.

The threads of human personality are like  
 that yarn. When they become entangled  
 through tension, fear, frustration and re-  
 bellion, they are not free to give in useful-  
 ness. The knots in our personality are  
 caused by thinking in terms of wanting things  
 for ourselves. Complete unselfishness is the  
 answer to disentangling the thread of per-  
 sonality.

There sense in that.

## Lot of Things Are Freedom

Freedom is a man at the lathe or at the  
 desk, doing the job he likes to do and speak-  
 ing up for himself. It is a man in the pulpit,  
 or on the corner, speaking his mind. It is a  
 man putting in his garden in the evening,  
 and swapping talk with his neighbors over the  
 fence. It is the unafraid face of men, women  
 and children at the beach on Sunday, or  
 looking out of the car windows speeding along  
 a four-lane highway.

It is the man saying, "Howdy, stranger,"  
 without looking cautiously over his shoulder.  
 It is the people of the country making up their  
 own minds.

Freedom is the air you breathe and the  
 sweat you sweat. It is you and 160,000,000  
 people like you, with your chins up, daring  
 anybody to take it away from you.

## Caution for the Week-End

Practically all of us look forward to Friday  
 because to most of us it means that another  
 week-end has arrived. The week-end is a  
 time for pleasure and relaxation. There's  
 that tennis game we had planned, a picnic  
 with the family, and perhaps a golf game  
 with our next door neighbor. It's the time  
 for going to church, fixing things around the  
 house, cleaning out the attic, and watching  
 television.

The week-ends are all of those things—  
 except on the highways. In 1954, 13890 per-  
 sons pere killed and 678,000 were injured in  
 week-end accidents, according to figures com-  
 piled and released by the Travelers Insurance  
 Companies. Thirty-nine per cent of the deaths  
 and 35 per cent of the injuries were re-  
 corded on Saturdays and Sundays in 1954.

The most dangerous day of the week for  
 driving is Saturday. One good reason is that  
 more cars are traveling the highways on Sat-  
 urdays than on any day. There is another  
 important feature which sets this day apart  
 from the others. For too many people Sat-  
 urday night is a time when drinking and  
 driving are combined.

No one knows how many traffic accidents  
 are caused by drinking drivers, but everyone  
 knows it is a major problem.

For example, walk into your traffic courts  
 any day and you will find them crowded with  
 persons who were involved in serious accidents  
 as a result of drinking. Everyone needs to  
 know that even one drink before driving is  
 too many. A familiar sign along Texas high-  
 ways is: "If You Drive, Don't Drink—If You  
 Drink, Don't Drive." This sounds like very  
 simple advice, but it makes a great deal of  
 sense.

Week-ends should indeed be happy ones  
 for everyone. Let's try and make it that  
 way. Will you?

## RECALLING Other Years

★ Being news items taken  
 from old files of Your  
 Home Town Newspaper,  
 The Herald . . .

### TWENTY YEARS AGO.

Goings-on in the Hamlin com-  
 munity 20 years ago included the  
 following, reproduced from the  
 issue of The Hamlin Herald dated  
 June 28, 1935:

Mrs. G. R. Bennett, Edwina  
 Gilbert, J. C. Turner Jr. and Mar-  
 vin York Jr. returned Monday  
 from a trip to Flint, Michigan.  
 While away Mrs. Bennett pur-  
 chased a new Chevrolet car.

George Bristow advertised plen-  
 ty of peaches in his orchard at  
 Boyd's Chapel at 75 cents per  
 bushel.

Mrs. H. O. Cassle entertained  
 the Twentieth Century Club and  
 other guests Thursday afternoon  
 at her home on Union Avenue.  
 Attending were Mmes. J. F. Tay-  
 lor, C. G. Green, F. B. Moore, Q.  
 Martin, J. T. Bynum, C. C. Prater,  
 Arche Pardue, B. L. Jones, Mac  
 Brundage, D. D. Harden and  
 Holley Toler, and Adele Barbisch  
 of Austin.

John Green was carried to the  
 Stamford Sanitarium last week  
 for an appendicitis operation.

Strauss Dry Goods Company  
 advertised the following prices:  
 All-silk hose, 59 cents pair; new  
 dress prints, nine cents per yard;  
 ladies' sandals, 25 cents per pair.

Jean Harlow and William Pow-  
 ell are featured at the Ferguson  
 Theater in "Reckless."

Mrs. O. D. Roland and little  
 daughter, Mary Lee, returned last  
 Friday to their home at Port  
 Arthur after a five-week visit with  
 her parents, Mr. and Mrs. W. A.  
 Albritton.

### TEN YEARS AGO.

News items of interest in the  
 Hamlin community 10 years ago  
 included the following, which are  
 reproduced from the issue of The  
 Hamlin Herald dated June 29,  
 1945:

Clyde R. Angel of Big Spring  
 has recently been elected cashier  
 of the Farmers & Merchants Na-  
 tional Bank at Hamlin.

Members of the Hamlin School  
 Board announce the election of  
 I. R. Huchingson of Roscoe as  
 superintendent of the local school  
 system. He will succeed G. R.  
 Bennett.

Lieutenant Robert L. Fowler  
 of the Army Air Force, who has  
 been a prisoner of Germany, this  
 week returned home.

Rev. E. L. Yeats has announced  
 that W. S. Thompson will lead  
 the singing in a revival meeting  
 at the First Methodist Church,  
 despite his having broken his  
 right arm last week in an acci-  
 dent. "Shucks, I don't sing with  
 my arm anyway," Thompson is  
 reported to have declared.

Mr. and Mrs. D. L. Bristow and  
 Mr. and Mrs. Andrew Dixon at-  
 tended memorial services for  
 Corporal Earl Ray Sunday after-  
 noon at Hodges Baptist Church.

### FIVE YEARS AGO.

Happenings in the Hamlin com-  
 munity five years ago deemed  
 newsworthy included the follow-  
 ing, reprinted from the issue of  
 The Hamlin Herald dated June 30,  
 1950:

Additional parking space will  
 be provided in the purchase this  
 week of four acres of land to the  
 west of the new Hamlin High  
 School football stadium, accord-  
 ing to school officials. Work on  
 the new steel and concrete stands  
 was begun this week. The stands  
 will seat 2,000 people.

Mr. and Mrs. Gean Witt gave  
 interesting reviews of their recent  
 trip to the International conven-  
 tion of Rotary Clubs when the  
 Hamlin club met Wednesday at  
 noon at Johnson's Drive Inn. The  
 convention was held at Detroit,  
 Michigan.

The McCaulley to Longworth  
 stretch of the farm-to-market  
 road is being surfaced this week  
 by workers of the Texas Highway  
 Department.

New traffic control lights on the  
 Santa Fe Railway crossing of  
 South Central Avenue went into  
 operation this week.

### ONE YEAR AGO.

Items of general interest in the  
 Hamlin community a year ago  
 included the following, which are  
 reprinted from the issue of The  
 Hamlin Herald dated July 2,  
 1954:

Gordon Bennett, executive vice  
 president of McMurry College at  
 Abilene, former Hamlin school  
 superintendent, will be the prin-  
 cipal speaker at the homecoming  
 Sunday of former residents of the  
 Nienda community. Hundreds of  
 former residents are expected to  
 attend the all-day celebration.

President W. T. Johnson and  
 George Poe of the Hamlin Lions  
 Club and their wives left this  
 week for New York City, where  
 they will attend the international  
 convention of Lions Clubs.

### RETURN TO COLORADO.

Mrs. I. L. Howard and daugh-  
 ter, Mary Ann, of Denver, Colo-  
 rado, returned home Sunday after  
 a two-week visit with her par-  
 ents, Mr. and Mrs. Charlie Sellers,  
 and other relatives and friends.

### SELLERS HAVE VISITORS.

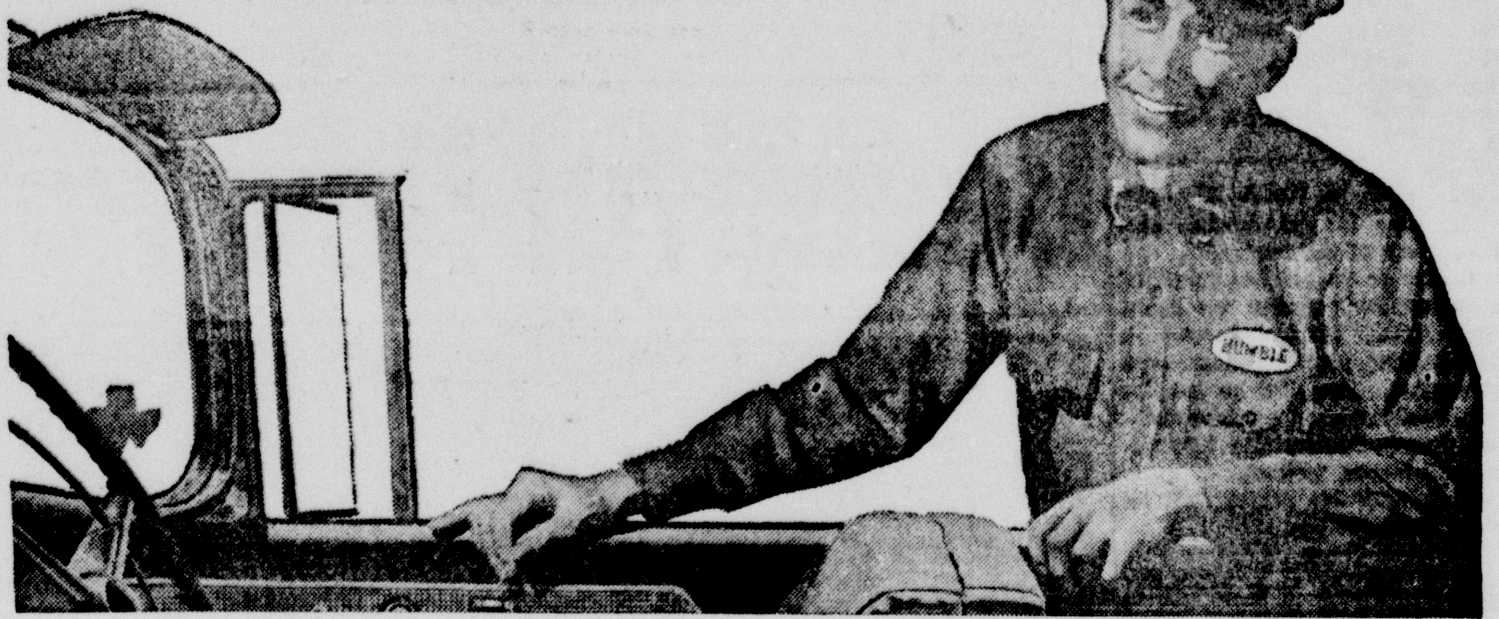

Visiting in the home of Mr. and  
 Mrs. Charlie Sellers the past  
 week were Mr. and Mrs. Harold  
 Walker and children of Dallas,  
 Mrs. Pearl Trapp and Mrs. J. H.  
 Hill of Cisco.

### VISIT SHELburnES.

Mr. and Mrs. Lindy Adkins and  
 daughter, Dianne, were guests for  
 several days of the Delma Shel-  
 burne family. They are from  
 Hobbs, New Mexico. Adkins is a  
 brother of Mrs. Shelburne.

## Enjoy the long Fourth of July weekend, and . . . PLEASE DRIVE SAFELY!

Safety Associations recommend  
 that you follow these simple rules for  
 a safe vacation trip:

- Observe all posted speed limits; don't hurry, ever.
- Regulate the speed of your car to highway and traffic conditions.
- Don't drive too long—stop when you're tired.
- Observe all highway caution warnings—slow down for curves, when descending steep hills, etc.
- Don't drink when driving.
- Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.

## Houston Walker To Be Pastor at RA Camp Next Week

Rev. Houston Walker, pastor of the First Baptist Church of Hamlin will be camp pastor for the Baptist District 17 camp for intermediate Royal Ambassadors at Luaders Baptist Encampment grounds July 5 to 8.

Harry Frantz of Carbon, district RA leader, will be camp director and Rev. Stanley Howard, missionary to Japan, will be camp missionary.

This camp for the older boys will feature a vocational emphasis each morning at 10:30 o'clock when Christianity in business will be stressed. Three outstanding Christian businessmen will lead this period.

A modified chapter system will be used for all recreation, including swimming. Each boy will be assigned with a buddy to a chapter.

Recognition service will be held Wednesday night when ranks will be awarded in the Royal Ambassadors to boys who are ready for them.

Missionary films will be shown at that hour on Tuesday night, and the period will be devoted to fun on Thursday night. Mission study will be conducted each morning, and the camp missionary will speak each morning at 11:15 o'clock.

Vespers at the riverside will be each evening at 7:00 o'clock, and cabin devotionals under the counselor or sponsor of each group just before lights out.

The camp is sponsored jointly by the District Brotherhood and the District Woman's Missionary Union. C. D. Allen of Haskell is district Brotherhood president, Mrs. O. B. Woodrum of Abilene, district WMU president; and Mrs. Hob Smith of Rochester, district young people's leader. Rev. Henry Littleton is camp manager. Fee is \$6.

## Six from Faith Church Go to Ceta Canyon

Six intermediates, an adult counselor and Pastor John Syrios of the Faith Methodist Church are among Methodists of the area who are attending the annual encampment for intermediates at Ceta Canyon near Canyon this week.

Attendees are Judith Ford, Joe Den Renfro, Kay Millern, Billy Dominey, Charles Brewer and Gene Tabb; Mrs. Gerald Renfro, counselor; and Rev. Syrios.

Mr. and Mrs. Hershel Griffin of Sherman are guests in the home of her sister, Mrs. J. C. Lain, and husband.

## Methodist Pastor Is Assembly Instructor

Rev. Darris L. Egger, pastor of the First Methodist Church, is in Abilene this week, where he is instructor in the assembly at McMurry College. He is teaching a course on the New Testament.

Scores of Methodists of Central West Texas are attending the assembly sessions, including a number from the Hamlin area.

### TO GO TO FRANCE SOON.

Mrs. N. W. Lasseter and son, Dawson, of Three Rivers will return home Thursday after a visit with her father and mother-in-law, Mr. and Mrs. W. F. Lasseter, in Hamlin. She and the son are awaiting orders from the service to join their husband and father, Sergeant N. W. Lasseter, about August 1. He is stationed near Metz, France.

### MOVING TO CARLSBAD.

Mr. and Mrs. Leon Rogers and children, Beverly, Ralph, Freddie Lo uand Kenneth, are arranging to move this week to Carlsbad, New Mexico.

### VISIT FROM SALTILLO.

Mr. and Mrs. Morris Penn and daughter, Sue, of Saltillo, spent last week visiting Mr. and Mrs. Carl Young. Mrs. Penn is a sister of Mrs. Young.

## FLEAHOPPERS

(concluded from page one)  
points in the field. If 25 or more fleahoppers are found, control measures are recommended.

One of the following dusts or sprays should be used:  
Dusts—10 per cent toxaphene 40 per cent sulphur mix, 10 pounds per acre; five per cent DDT, 75 per cent sulphur mix, 10 pounds per acre.

Sprays—Toxaphene-DDT (four pound dand two pounds per gallon) one pint per acre; DDT (two pounds per gallon), one quart per acre; toxaphene (six pounds per gallon), one pint per acre.

The new leaflet on controlling cotton insects is available from your county agent's office.

The falling drops at last will year the stone—Lucretius.

More and more the freedoms that we in this liberty-loving country enjoy are cherished when we reflect on the fact that so much of the much today is still in turmoil and confusion. What our forefathers fought for and brought down to us, we are determined to keep as our heritage. These freedoms have stood the tests of 179 years. They shall continue to be our only through zealous alertness against the threatening hordes that would destroy these principles.

## Market Reporter Marvels at Beauty of Texas, Then Gives Rundown on Prices

Texas is a mighty pretty country, declares Ted Gouldy, special market reporter for The Herald, after a recent tour. His weekly release to Your Home Town Paper follows:

We made a short jaunt into Northeast Texas the other day covering parts of Denton, Collin, Hunt, Wood, Van Zandt and Dallas Counties. The corn, cotton and grain sorghums looked simply wonderful.

We have some friend in the Corn Belt who are always sending us pictures of their tall corn, etc., so we just snapped some pictures to send right back to 'em!

If you haven't been over in that part of Texas lately, load up and drive over there. You'll see some really beautiful, beautiful Texas right now!

Speaking of farming reminds us that we got a news release the other day quoting one Harold E. Carefoot, an official of the Cock-shutt Farm Equipment Company of Bellevue, Ohio. He averred that in looking ahead it was not unlikely that air-conditioned tractors were not too far in the future.

The story was accompanied by a picture of a smiling fellow cruising along on a tractor with a big plastic globe covering the man and the controls. Looked like an out-sized "space helmet" like the kids were wearing before they discovered Davy Crockett.

Tell you one thing—if they air-condition tractors it's going to be a lot easier to keep 'em down on

the farm. Yes, sir, Mr. Carefoot has got something here!

Sales of fed steers and yearlings were steady to strong at Fort Worth Monday. Cows were about steady, with some early sales of canners and cutters stronger. Bulls sold 50 cents lower. A few choice stockers and good and choice fat calves were steady, but others were weak to lower again. Inquiry on stocker cows was a little more active.

Prices included: Good and choice fed steers and yearlings \$18 to \$22.50, and common and medium sorts, \$10 to \$18; fat cows, \$10 to \$12.50, some heiferish cows, \$13.50 to \$14 on specialty shipping orders, not in line with the averages. Canners and cutters, \$6 to \$10; bulls, \$10 to \$14.50; good and choice fat calves, \$16 to \$19, a few \$19.50 and \$20 sparingly; medium and low grades, \$9 to \$15; stocker steer calves mostly \$15 to \$20, few fancy feeder calves, \$21 to \$22.50, load at \$22.50 weighing 483 pounds. Feeder yearling netted \$19.50 down; older steers, \$18.50 down; stocker cows, \$7 to \$12.

The bloom that reveals high grade slaughter quality was very hard to find in the sheep and lamb offerings Monday at Fort Worth, and many small lambs were included that were attractive to neither feeders nor packers. Prices were unevenly lower on all kinds.

Spring lambs topped at \$18 to \$20; feeder spring lambs sold at \$14.50 down. Cull, common and medium spring lambs were \$10 to \$16; slaughter yearling lambs, \$8 to \$14.50; feeder yearling ewes, \$12.50 down; yearling ewes, \$14 to \$14.50; old ewes, \$7 to \$10; slaughter ewes, \$4 to \$4.50; old bucks, around \$3.

Butcher hogs topped at \$20 to \$20.50 at Fort Worth, around 25 cents above the previous week's close. Sows drew \$11 to \$16.

The livestock market at Fort Worth will be closed for the tra-

LAST WEEK'S MYSTERY FARM PICTURE (above) was first correctly identified by Mrs. T. W. McGuire as the farm home of Mr. and Mrs. Roscoe Greenway, seven miles southeast of Hamlin. Originally settled 66 years ago by her grandfather, C. A. Fomby, the Greenways have occupied it since 1911. The farm's 238 acres are devoted principally to the growing of cotton, maize, wheat and oats.

### TO ATTEND REUNION.

Mr. and Mrs. Carl Young were to leave this week-end to attend the family reunion of the Young families at Daingerfield. The reunion is to be Sunday and Monday.

ditional Independence Day holiday, July 4. Officials of the market reported that the usual procedure would be followed and that livestock arriving over the holiday week-end will be penned on feed and water and shown for sale on Tuesday.

Steer calves entered in the feeder calf show sponsored by the Texas Aberdeen-Angus Association will be judged by Clayton Webster of San Angelo, and heifer calves will be judged by Herman Allen of Menard. The show and sale will be staged at Fort Worth July 8.

Secretary Glen Tole reports interest high and entries already far in excess of last fall's show. Among early entries are Rufus Peoples of Tehuacana, Ray McCulloch of Tarrant County and George Sewell of Jacksboro.

## Nazarene Pastor And Wife Present Program for Lions

"Put clean, big thoughts into your reservoir of knowledge, facts, truth and God," admonished Rev. Donald Wellman, pastor of the Hamlin Church of the Nazarene, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

The minister spoke on "Men and Our Problems," and declared that prayer is the secret to success in every day living.

Preceding his talk, Rev. Wellman and his wife sang a duet, "Since Christ the Savior Came," with Mrs. Wellman playing the piano accompaniment. He then sang a baritone solo, "I Want to Be Like Jesus."

Members of the club responded to an appeal by Rev. Wellman to have the club piano worked on and tuned, after he started a 25-cent-around donation for the proposal. Rotarians were to be asked to join in the move.

Besides the entertainers, other guests at the Tuesday luncheon included Eddie Hickman and L. H. Smith of Hamlin and C. R. Millard of Abilene.

## Hamlin Colored Girls Play Saturday Night

Hamlin colored girls' baseball team, the Skyrocks, will be featured in a three-game diamond melee Saturday night at Wendeborn Field at Stamford. They will play the Stamford Red Caps, then the winner will play the girls' crew from Haskell.

The local girls have won six of the seven games played this year. They defeated the Stamford girls three times, and won three and lost one game to the Snyder aggregation.

## Mystery Picture Identified as Farm Of R. Greenways

Mrs. T. W. McGuire of Hamlin was the first to correctly identify last week's mystery farm picture printed in The Herald. She will receive a one-year subscription to Your Home Town Paper.

The picture was of the Roscoe Greenway place, seven miles southeast of Hamlin.

Originally settled 66 years ago by C. A. Fomby, grandfather of Mrs. Greenway, the place is a landmark of the Hamlin area. Following Fomby's death, the place became known as the C. J. Whitaker estate. Mrs. Whitaker being Fomby's daughter. Subsequently the Greenways occupied it, they having lived on the place since shortly after their marriage in 1911.

The 238-acre farm has 195 acres in cultivation. Its acreage is devoted to the raising of maize, cotton, wheat and oats. The Greenways built the present house 10 years ago.

Mrs. Greenway was the former Cornelia Whitaker. They have three sons, Howard Greenway of California, Whitaker Greenway of Abilene and Guy Greenway of Wyoming; two daughters, Mary Emmett Barron of Bolger and Carolyn Frances Knight of Alabama.

The Greenways are members of the Baptist Church.

## New Gulf No-Nox gives you not just the highest octane but... full working octane

because it's super-refined to burn clean

No gasoline, no matter how high the octane, can keep on giving you full power from your engine unless it burns clean.

That's why New Gulf NO-NOX is your best gasoline buy. In making new NO-NOX, Gulf refines out the "dirty-burning tail-end" of gasoline, the No. 1 troublemaker in today's high-compression engines.

As a result, you get a clean-burning gasoline that gives you:

- More complete engine protection than you get with so-called "miracle-additive" gasolines
- Extra gasoline mileage in the kind of short-trip, stop-and-go driving motorists do most
- Freedom from vapor lock, stalling and stumbling in hot-weather driving
- No knock, no surface pre-ignition—even in today's high-compression engines

Remember this picture? This is Gulf's famous burner demonstration—proof of what a difference Gulf super-refining makes. Notice that Gulf refines out the "dirty-burning tail-end" of gasoline . . .

instead of fighting it, inside your engine, with so-called "miracle-additives." That's why new, clean-burning Gulf NO-NOX can promise you not just highest octane, but full working octane.

## New Gulf H.D. Select Motor Oil

The only motor oil in the world that's super-refined by the Alchior Process for modern high-compression engines.

- Controls carbon—cause of knock, pre-ignition, valve failure.
- Combats corrosive acids, rust and deposits on engine parts.
- Assures lower oil consumption than "all-season" oils.
- Provides the toughest protective film ever developed.

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30—for each season.

## Rose Marie Brady and James Turnbull Repeat Wedding Vows Sunday Noon

Rose Marie Brady, daughter of Mrs. T. T. Brady, and James Hardy Turnbull of San Angelo, were married Sunday in the First Methodist Church at the close of the morning worship service. Turnbull is the son of Mr. and Mrs. J. E. Turnbull of San Angelo.

Rev. Darris L. Egger, pastor, read the double ring ceremony before an altar flanked by baskets of white gladiolas and stocks.

Mrs. Brad Rowland, organist, played traditional wedding music during the ceremony, and accompanied Ann Brock of Silver City, New Mexico, as she sang "The Lord's Prayer."

The bride wore a street length dress of all-over tucked white

## Reception Given in Ueckert Home After Sunday Ceremonies

After the wedding rites for Melba Jo Ueckert and Wendell Rankin Sunday afternoon at Neinda Baptist Church, a reception was given in the home of the bride's parents Mr. and Mrs. E. W. Ueckert, for members of the wedding party.

The table was laid with a lace cloth with a bride's cake in the center. Bouquets were on each end, and candles accented the decorations.

Cake and punch were served to members of the party.

Out-of-town guests were from Garden Grove, California, Flores, Goldsmith, Crane, Trent, Merkel, Roby, Hamlin, Anson, Stamford and Midland.

**SUNDAY AFTERNOON BRIDE** above is Mrs. Wendell Rankin, who before her wedding was Melba Jo Ueckert. She is the daughter of Mr. and Mrs. E. W. Ueckert of Neinda, and he is the son of Mr. and Mrs. R. D. Rankin of Stamford. They will make their home near Camp Gordon, Georgia, where he is stationed with an Army unit.

## McCaulley School Homemakers Have Busy Summer Program

Members of the McCaulley High School chapter of Future Homemakers of America have been active in extra-curricular activities since school turned out in late May, according to Annie Laurie Woods, secretary of the group.

Projects have included some community activities as well as some fun.

Summer activities have included: Cleaning the cemetery; cleaning the homemaking cottage yard, during which time picnic lunches were brought by attendants; cut the weeds and set out new grass around the cottage. And for an entertainment foray the girls were taken on a swimming party to Anson by Mrs. T. E. Green.

Recently attending the FFA camp for the region were Wanda Herron, Bales Henderson and Annie Laurie Woods.

## Melba Jo Ueckert and Wendell Rankin Married in Sunday Rites at Nienda

An impressive church ceremony Sunday afternoon at 3:00 o'clock at the Neinda Baptist Church, five miles south of Hamlin, united in marriage Melba Jo Ueckert and Wendell Rankin.

The bride is the daughter of Mr. and Mrs. E. W. Ueckert, and young Rankin is the son of Mr. and Mrs. R. D. Rankin of Stamford.

Performing the rituals before altar decorated with summer flowers was Rev. Eugene Walters of Abilene, pastor of the Neinda church. Father of the bride gave her away.

Attendants at the wedding were friends of the couple. Evelyn Kidwell of Hamlin was maid-of-honor.

The bridesmaids were dressed in pink organdy sun dresses with fitted boleros, and carried hand bouquets of white carnations. The maid-of-honor was dressed in a blue organdy dress similar to those of the bridesmaids, and she had pink accessories and carried a pink hand bouquet.

Preceding the ceremony, Janice Murff of Roby, cousin of the bridegroom, played traditional wedding music. Linda Carlton of Hamlin sang "I Love You Truly" and "Because."

The bride attended Hamlin High School, where she was active in school and extra-curricular activities. Young Rankin is a graduate of Anson High School. He is now serving in Uncle Sam's Army.

Following the wedding the newlyweds left for a brief honeymoon on their way to the bridegroom's Army camp. For traveling she wore a pink cotton street length dress with white accessories.

The couple will be at home near Camp Gordon, Georgia, where he is stationed.

## Firemen's Auxiliary Entertains Husband At Picnic At Park

Husbands of members of the Hamlin Volunteer Firemen's Auxiliary were honored last Thursday evening at the Hamlin City Park with a picnic.

Following the picnic at the park, the women went to the first station for their regular social meet. Secret pals for the past three-month period were revealed at the social.

Attending the picnic were the following: Mr. and Mrs. Jack White, Mr. and Mrs. Ed Branscum, Mr. and Mrs. McKey McGuire, Mr. and Mrs. Harold Buchanan and son, Mr. and Mrs. Jake Lawson and children, Mr. and Mrs. Bill Thompson and children, Mr. and Mrs. Lee Hastings and children, Mrs. J. O. Murphree and children, Howard Nall, Mr. and Mrs. June Jones and Dubby, Mr. and Mrs. Sol Branscum, Anita and Linda Post of San Antonio, Rev. and Mrs. Victor Ortiz and grandsons.

## Methodist Women in First Meeting of Year

First meeting of the new conference year for the Anderson Circle of the Woman's Society of Christian Service of the First Methodist Church was hosted by the new chairman, Mrs. V. V. Anderson.

Mrs. Anderson presided for the business session, and then the program of the afternoon was turned over to Mrs. Bert Fomby, who is the new program leader for the year.

Mrs. Fomby gave highlights of her trip to Ceta Canyon as a youth counselor. She also directed a study of the symbol of the WSCS. The meeting was closed with prayer.

There were nine women present, one of whom was a new member.

## WOMAN TO BLAME

The colonel inspecting a new group of draftees was somewhat astonished to find a gray-bearded old gaffer standing conspicuously among the smooth-faced youngsters.

"Tell me, Dad," he asked, "how did you happen to be here?"

"Well, sir," he replied, "I happen to have a twin sister who, like all women, is sensitive about her age. Everyone in town knew we were twins. Now I don't rightly know what age she was giving out—but here I am!"

An executive is a business man who has to work hard to find work for the staff to do.

## Dollie Louise Scogin To Wed Don Johnson

Announcement was made this week by G. Scogin of Abilene of the engagement and approaching marriage of his daughter, Dollie Louise, to Donald Edward Johnson, son of Mr. and Mrs. A. E. Johnson of Hamlin.

The young couple will be married in the home of Rev. George Bradley, pastor of the Portland Avenue Baptist Church in Abilene on Saturday.

The bride-elect is employed by the First State Bank in Abilene, and young Johnson is a student at Hardin-Simmons University.

## Reception Given for Brady-Turnbull Party

Following the wedding Sunday at noon of Rose Marie Brady and James Hardy Turnbull at the First Methodist Church, a family dinner was rosted in the T. T. Brady home for relatives and members of the wedding party.

A wedding theme of pink and white was used in decorations. The table was laid in white linen and centered with the three-tier wedding cake. Baskets of white gladiolas and stock were at the ends of the table.

Guests, who were members of both the bride's and the bridegroom's families, were served from a buffet table centered with a low flower arrangement.

## Mrs. Johnnie Johnson Honored with Eightieth Birthday Brunch Saturday

Mrs. Johnnie Johnson was 80 years young Saturday, and scores of her friends of the Hamlin area and elsewhere helped her to celebrate.

The young lady was feted at a brunch Saturday morning in the home of Mr. and Mrs. Tate May on Northwest Avenue B, when the hostesses were Mrs. W. C. Russell; three daughters, Janie Mae Johnson of Sioux Falls, South Dakota, Carrie and Annie Laurie Johnson of San Antonio; and a daughter-in-law, Mrs. Frank Johnson of Rotan.

The house was decorated with pink carnations and pink gladiolas and other flowers that were received as gifts by the honoree. On the dining table was a greeting "Happy Birthday," which was made by seven-year-old Helen May of Colorado City, daughter of Mr. and Mrs. Robert May.

Receiving guests at the door were Mrs. Russell, who presented the honoree; the three daughters; and Mrs. Rex Caraway of Bowie, a relative.

Attendants, who came from Hamlin and a number of neighboring cities, were served sandwiches, frozen ring salad, nuts, punch, coffee and mints.

The honoree is the widow of a long-time druggist, who passed away in 1953. The Johnsons have lived in Hamlin since 1926. Besides the three daughters, Mrs. Johnson has three sons, Theo Johnson of Hamlin, Dr. Frank Johnson of Rotan and Dr. Robert Johnson of Fairfax, Alabama.

Incidentally, the Tate Mays were on a trip to the East Coast, but the party had been planned before they left.

# Meeting of Top International Leaders May Be Fruitful, Says Omar Burleson

The meeting at the "summit" on July 18 in Geneva, Switzerland, will probably hold the spotlight in the news for some time, says Omar Burleson, Texas Press Association.

Lifted from someone else: "There is nearly as much happiness in earnest effort as in solid success, and a lot more time to enjoy it."

Summer Diseases of Children May Be Held In Check by Caution

The summer season always brings an increase in the incidence of dysentery, diarrhea and enteritis, all of which are major menaces to the lives of small children, annually causing the death or illness of hundreds of Texas youngsters.

Dr. Henry Rolle, commissioner of health, declares that the chief cause of these intestinal diseases are contaminated milk, water or food, allowing the child to get overheated or exhausted; excessive sugar in the infant's formula and foods that have been improperly refrigerated.

All foods should be clean and fresh and all left-overs should be refrigerated so as to avoid spoilage. The utmost care should be used in preparing the infant's formula which should, of course, be prescribed by a physician and his recommendations as to sanitation precautions and correct refrigeration should be implicitly followed.

The commissioner of health warned parents especially of the disease transmission by flies. Children in any home that is not free from flies are in danger of contracting dysentery or other intestinal diseases which may be fatal.

If dysentery or diarrhea symptoms appear in your child, call your doctor immediately. Dr. Rolle advises. His treatment of the disease is your best insurance against fatal diseases, since such diseases are really a very serious threat to the child's life. Do not depend on home remedies for diarrhea or dysentery; consult a competent physician and let him start the safest and best treatment which medical science has available for combating these diseases.

The one and only serious mistake is to be afraid of making mistakes.—C. A. Smart.

It seems to me that the only real decision to reach toward a guarantee of peace in the world is for all nations and men to realize that there will be no victor in an atomic and hydrogen war. This means, as I have maintained since the advent of these awful weapons, that we will be living in a world of tension for a long time to come. The sooner we make up our minds to this proposition, the better.

**State Capital NEWS**

By Vern Sanford, Manager, Texas Press Association.

Selection of a successor to Governor Morrow, Democratic national committeeman from Texas, is imminent. Because he voted for Eisenhower for president in 1952, Morrow was barred from serving on the Democratic national committee.

But, Governor Shivers doubts that anyone can be found to fill the presidential slot down by the Democratic National Chairman Paul Butler.

It must be someone, Butler said Shivers in his now famous Washington "kitchen conference" who never bolted the party. It must be someone who worked for Adlai Stevenson's election. And it must be someone who can be approved by Shivers House Speaker Sam Rayburn and Senator Lyndon Johnson.

Possibility of replacing Morrow became a by-product of activity by top level Democratic and Republican figures in the preliminary skirmish toward Texas' role as a battlefield in the 1956 presidential contest.

Butler declined an invitation by Governor Shivers to visit the executive mansion. Shivers did not accept Butler's invitation to come to some of his meetings.

Republican National Committeeman Jack Porter followed Butler promptly with a state workers' rally at Austin. He announced he was extending "not only an invitation but a challenge" to the conservative Democrats who carried Texas for Eisenhower to join up formally with the Republicans.

Porter predicted that President Eisenhower will be renominated, will carry Texas, Florida, Virginia and Tennessee again—and win in 1956.

"The conservative Democrats," he said, "were invited by Butler to quit their party. They know they will have no more say in whether a nominee next year than in 1952 or 1948."

Porter believes the Democratic party split is permanent.

Designation of Deputy Secretary of Defense Robert L. Anderson of Vernon started speculation whether he might figure in next year's governor race as the conservative choice. Or possibly be in line for a place on the national Democratic ticket. This despite his service in a Republican administration.

Another name that crops up when conservatives are mentioned as likely candidates in the governor's race is that of Senator Otis Lock of Lubbock. He already has been referred to as the "jet size candidate" since his talk to the Jacksonville Rotary Club last week.

Senator Lock pointed out the need for streamlining state administrative agencies; urged improvement in spending methods; and a "sound fair code protecting each person from excessive taxation."

With its population increasing and its economy expanding, Texas cannot meet its jet age governmental needs with a Model T vehicle, he stated.

There has been a remarkable array of national comment, in such publications as the Wall Street Journal, Newsweek, and The Washington Star, about Senator Majority Leader Lyndon Johnson's success and his "availability" as the Democratic standard bearer for president.

Governor Shivers himself came back from Washington recently praising Johnson, a loyalist.

A speech early in the week by Governor Shivers, before the New York Sales Executive Club, is another in the national network of his appearances in which he restates the basic doctrine of the dissident Dixie and conservative Democrats.

Governor Shivers had pointed suggestions for Texas schools, faced with the U. S. Supreme Court desegregation decision.

"It does not think it necessary at this time for any district to take any step its board does not want to take, beyond studying the problems and its solution," he said.

He will name a state-wide committee to study problems of the desegregation ruling, and recommended that school districts appoint their own committees.

According to the governor, the decision leaves a large measure of control to local districts "where the problems should be worked out."

**Short Snorts.**

Efforts of former Land Commissioner Bascom Giles and of B. R. Sheffield of Brady to have Travis County indictments in veterans' lost cases quashed were rejected in district court.

Land Commissioner J. Earl Butler said he will start a shake-up of the general land office in July. His decision follows testimony in a lengthy court of inquiry on the office's operation under former Commissioner Bascom Giles.

John C. White, commissioner of agriculture, denied that Texas overspent by \$162,670 federal drought aid money in 1953—as claimed by the U. S. Department of Agriculture.

Congressman Clark Thompson and Homer Thornberry announced a tour of Georgia, Texas counties by a House agriculture subcommittee to study acreage allotments for rice and cotton.

Governor Shivers paid tribute to Amos G. Carter as "one of the most dynamic Texans of his generation." Carter, long-time publisher of The Fort Worth Star-Telegram, died on June 23.

Trials for George B. Parr, South Texas political czar—and 11 others from Duval County—on charges relating to school funds, have been set for July 5 in New Braunfels, or change of venue.

A Texas committee to plan the state's part in the white house conference on education, November 28 to December 1 was named by Governor Shivers. Dr. Erwin L. Rippl, president of the Dallas School Board, is chairman. Its first session will be in Austin.

A state building commission bill was signed by the governor. It provides \$6,000,000 for a new state courts building and a state office building.

# FOR A GRAND AND GLORIOUS FOURTH

*celebrate  
with  
safety*

Yes, the Fourth of July means a good time for all . . . youngsters and oldsters alike. And, you know, the meaning in back of Independence Day is pretty wonderful. Most of us just take independence and freedom for granted, but maybe this year it would be a good idea to pause and give a little thought about how great it is . . . and how fortunate we are . . . to be Americans!

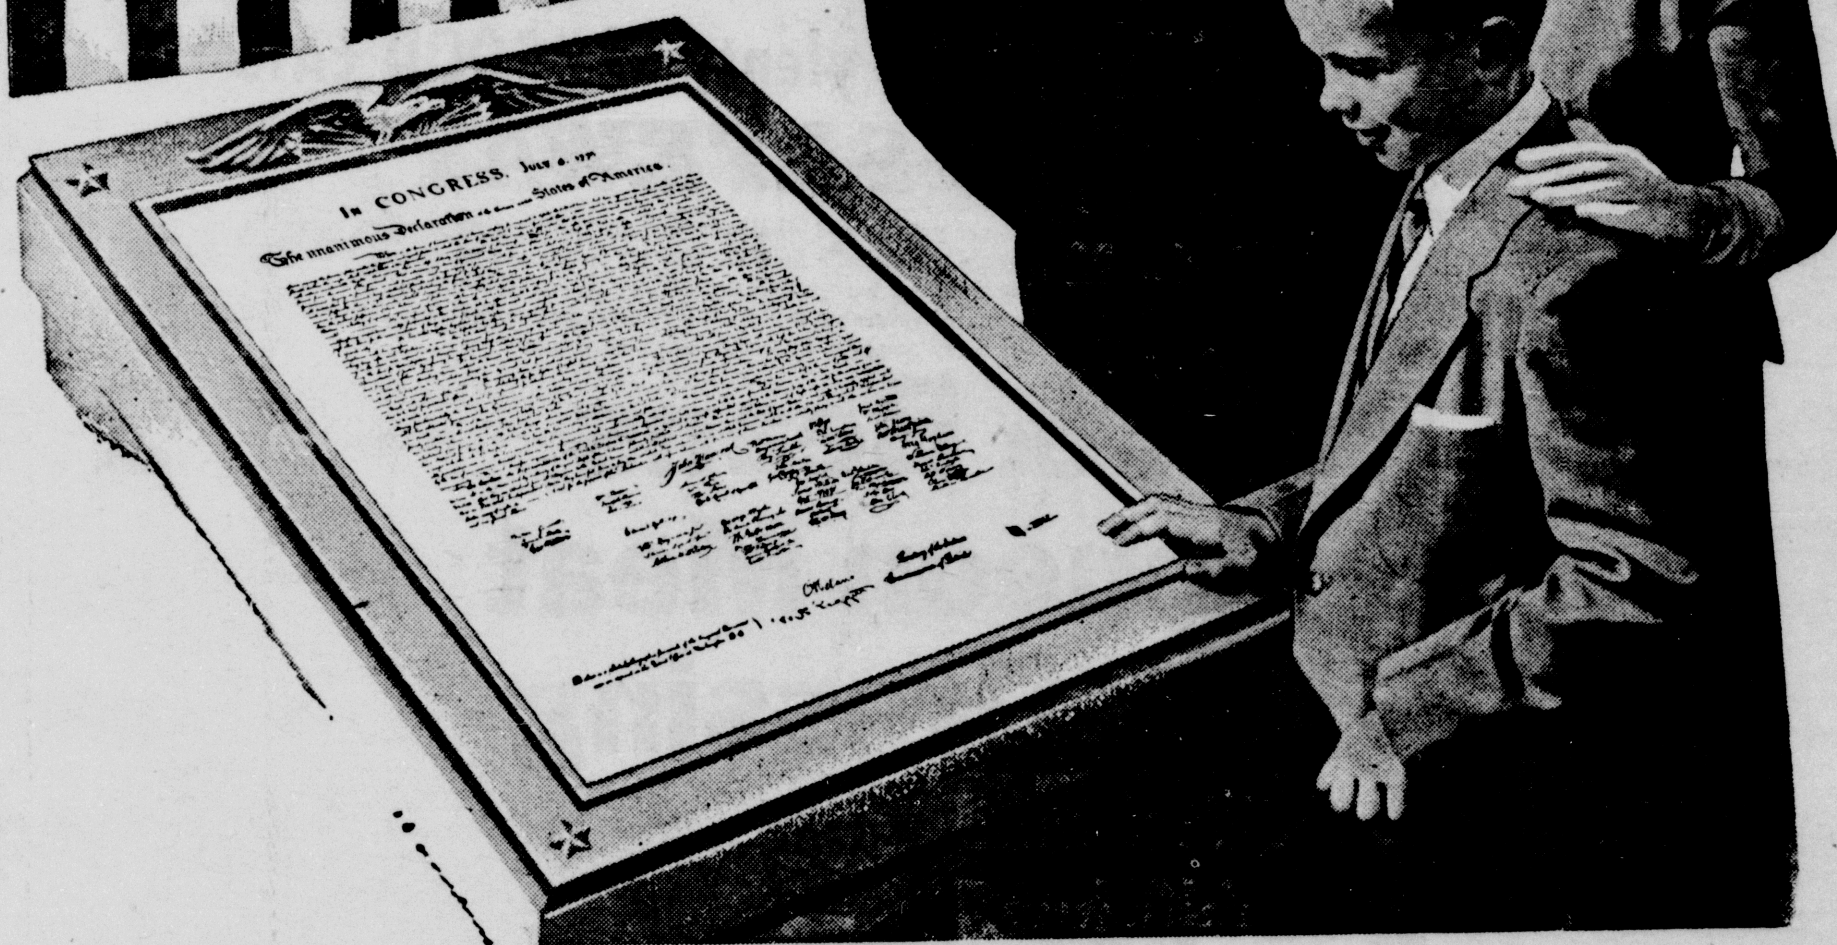

Right here in Hamlin, for example, we enjoy things that the peoples of many other nations never thought existed. Being able to read and say what we please . . . worship as we please . . . work at a job where enthusiasm and ability pay off . . . buy food and clothing and automobiles and anything else we might need or want are privileges that have been handed down by our forefathers. They fought to get them . . . we'll fight to keep them!

It all adds up to this: Our America . . . and our own community . . . are the greatest places on earth. Let's never, ever forget it. Have a good and CAREFUL time this Fourth of July!

"We hold these truths to be self evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are Life, Liberty and the pursuit of Happiness."

*From the Declaration of Independence, adopted by the Continental Congress, July 4, 1776.*

This patriotic page sponsored by the following Hamlin business firms, which will observe Independence Day by closing all day Monday, July 4
